## FIRST METHODISTS WILL CELEBRATE ANNIVERSARY

**Eighteenth 'Birthday' to Be Observed Sunday; Founded by Rev. C. R. Norton**

The eighteenth anniversary of the establishment of the First Methodist church of Glendale will be observed Sunday with appropriate services during which Rev. C. R. Norton, who founded the church in 1903, will occupy the pulpit.

"The Christian's Inheritance" will be the topic of his sermon. He will take as his text the statement of the apostle Paul, "All things are yours," and will take an inventory of the Christian's present inheritances from Christ and the saints.

"The church was organized in 1903 and met for two and a half years in the Odd Fellows' hall, which was then above Sebastian's grocery on the southwest corner of Glendale and Wilson avenues," declared Rev. Norton. "The upper part of this building has now been made into apartments, but it was then a comparatively large hall."

"The first sermon was preached on October 11, 1903, by Dr. John Stafford, who was then presiding elder of the Pasadena district."

### Devoted to Church Work

Almost all of Mr. Norton's life has been given to church work. He has been a member of the Iowa Methodist conference for the past 49 years. Mr. and Mrs. Norton and their six children came to California from their former home eighteen years ago. He was drawn immediately into church work. It was his privilege to organize the 32 charter members of the present church and to act as their pastor for four years. Of these church pioneers only a few are residents of Glendale now. They are: Mr. and Mrs. Joseph Brown, Sycamore Canyon; Mr. and Mrs. C. E. Russell, 322 North Kenwood avenue; Mr. and Mrs. B. S. Quick, 123 North Cedar avenue; Mrs. Mary Turner, 123 North Everett street. Mr. and Mrs. W. B. Pratt are residents of Burbank.

### Takes Up Subscription

"We started out with the realization that if the church was going to amount to anything, it must have a home," said Rev. Norton. "We started to collect funds for this purpose soon after we got organized and I took the subscriptions very largely myself. There were fifteen members in the Ladies' Aid. It pledged \$300 at first. I soon found that we couldn't do much with that. Then they raised it to \$500. Meanwhile, more members came into the society and when the new church was dedicated this society had contributed \$800 to its cost."

This church building was situated upon the northwest corner of Wilson avenue and Dayton Court. Services were held in the Sunday school (Continued on Page 4)

## High School Groups to Meet at Banquet

At a meeting of the Glendale Hi-Y cabinet yesterday afternoon at the Y. M. C. A. office, which was attended by Dale Woods, president; Arlon McCormick, vice president; Paul Edmonds, secretary; George Jordon, Maynard Toll, Fred Stott, Fred Hand, Leslie Hatch, Alton Mattice, Lee Shannon and Thomas Woods and Rex Kelley, local Y. M. C. A. secretary, arrangements were made for the regular monthly "feed" of the Hi-Y, at which time all the high school groups will meet together, and which will be held next Thursday night at the First Baptist church. It is planned to have the high school student cabinet as special guests.

Next Sunday night the deputization team, under the direction of Coach Howard Butterfield, will speak at the congregational church. This team is composed of Dale Woods, George Jordon and Maynard Toll.

After attending to other routine business the meeting adjourned and went in a body to the Pasadena Y. M. C. A. for a swim.

## Glendale C. of C. Has 1000 Members! 13th Is Lucky Day

One thousand members! That is the boast of the Glendale Chamber of Commerce today. Assistant Secretary E. F. Sanders has signed the required number yesterday on October 13. Kelly & Van Arsdale, realtors, this morning paid in their \$25 for the privilege of being the thousandth to join.

"The thirteenth is a lucky day," said Mr. Sanders. "Besides attaining our goal, the Chamber of Commerce efforts also won the independent postoffice."

It is believed that no other city of similar size in the United States has a commercial and civic organization comparable to the local Chamber.

## NINETEEN HOMES TO BE CONSTRUCTED ON ONE BLOCK

**Doran, Concord, Milford and State Will Be Scene of Large Improvement**

It was announced today by J. B. Doran, of the realty firm of Doran, Hemenway-Burn, 110 South Brand boulevard, that his firm will construct nineteen modern bungalows on the block bounded by Doran, Concord, Milford and State streets, and that work now is under way on three of the homes by the Horth Construction company, 224 South Brand boulevard. The foundations for the three homes were laid this morning and it is the intention to rush the work to a finish as there is a big demand for homes in this section of Glendale.

The construction and sale of these nineteen homes will represent a great undertaking and will result in bringing many desirable families to Glendale as permanent residents. Four and five-room modern bungalows with garages will be built.

### Expect Brisk Demand

With the street improvements by the city on Milford and State streets, and water, light and gas available, there should be a brisk demand for such homes. One of the bungalows has been purchased by Mrs. Jennie E. Franklin of Hollywood, who, with her son, Ernest, will occupy it. Another deal now is practically completed for the second bungalow and it is thought the remainder of the nineteen will be negotiated for before the first are finished.

This block is known as tract No. 4396 and lies not far from the San Fernando Road. It is in a section of Glendale fast being built up. L. C. Smith has a fine residence at the corner of State and Milford streets.

## Philip W. Parker to Build Business Block on N. Brand

The announcement of the large business block to be erected by John W. Larson on the west side of North Brand boulevard, between California and Wilson streets, has been followed with an announcement by Philip W. Parker, 518 North Central avenue, that he intends to start building, some time within the next few days, a two-story building, 50 by 60 feet.

The building will adjoin the Lawson building on the north and will consist of two stories on the first floor and four three-room apartments on the second. As yet the contract has not been let, Mr. Parker states, but the deal is expected to be closed soon so that work may start in ten days.

## Mrs. Isabel Baldwin, 85, Taken by Death

Death last night, Thursday, October 13, 1921, came quietly to Mrs. Isabel Baldwin, who fell and fractured her hip several weeks ago after she had passed the age of eighty-five.

Mrs. Baldwin was the youngest and last of thirteen children. She was born July 11, 1836 and was married to a prominent lawyer of Dayton, Ohio, where the family lived until eighteen years ago when they came to California. For the past seven years they had been residents of Glendale. Mr. Baldwin died about two years ago.

Until the time of her accident, when she was taken to a local hospital, Mrs. Baldwin resided with a son, C. P. Baldwin, and a daughter, Miss Ida Baldwin, at 624 North Orange street. Two other daughters, Miss Jeanette Baldwin and Miss Myrtle Baldwin, live around the corner at 223 West Doran street. Other relatives are in the east.

In her younger days Mrs. Baldwin was very active in the home side of church work. She was a member of the Presbyterian church of Dayton, Ohio, but took a keen interest in church work here.

Rev. W. E. Edmonds, pastor of the local Presbyterian church, will preach the funeral service at 4 o'clock Monday afternoon in the Little Church of the Flowers. Interment will be at Forest Lawn. Flowers may be sent to the L. G. Scovren Undertaking Parlor.

### ARTS AND CRAFTS MEETING

The first meeting of the arts and crafts section of the Tuesday Afternoon club, of which Mrs. R. W. Meeker is curator, met at her home, 1320 East Colorado street, yesterday, to organize. Mrs. A. D. McCoy was chosen as secretary-treasurer. Plans were discussed for the work to be taken up by the section. The next meeting will be held at the library, Thursday, October 27, from 10 a. m. to 4 p. m. At that time the making of flowers will be taken up. At close of yesterday's meeting the hostess served delicious refreshments.

### DR. H. R. BOYER TO TALK

Dr. H. R. Boyer will talk to the grammar school Y. M. C. A. group, which is under the direction of W. G. Boyd, at its meeting tonight at the Doran street school.

## Many Charming Young Women Are Entering In American Legion's Queen Contest; Much Interest In Event Being Shown by Public

**DOROTHY MORTON (left), HELEN DELAINE (center), and MARIE HEARNshaw (right), three young and pretty contenders in the American Legion Carnival Queen Contest**

Friends of Candidates Help Them In Race for Fine Prizes Just Starting

## BUSINESS WOMEN OF GLENDALE SELECT CLUB OFFICERS

**Mrs. Margaret Biggs Chosen President; Several Talks of Interest Given**

Business and Professional Women's Club of Glendale is the name which was adopted at the meeting held in the Chamber of Commerce rooms last night by thirty business and professional women of Glendale, who met and organized as a club. At that time a constitution was adopted and twenty-five people have signed up as charter members. The officers of the organization were elected as follows:

Mrs. Margaret Biggs, president; Miss Margaret Cross, vice-president; Miss Nina Vowsey, recording secretary; Miss Sara Pollard, corresponding secretary; Dr. Caroline Paine-Jackman, treasurer. Dr. Laura Brown, Mrs. Mary Ogden Ryan, Mrs. Kara Root, Mrs. Grace Yarbrough, Mrs. Mary Baxter, Mrs. L. Quackenbush, Mrs. M. E. Myton and Miss Gertrude Gibbs, counselors, who, with the officers, will form the executive committee, and will be chairman of the different committees.

### Regular Meeting Nights

The second and fourth Tuesdays of every month were chosen as the regular meeting nights for the club, membership of which is open to any woman who earns her living or any part of her living. The charter will be held open until the second Tuesday in November and any joining the organization before that time will be charter members.

Special speakers at last night's meeting included Miss Jane Humphreys, who is membership chairman of the Los Angeles county federation of Business and Professional Women's clubs, and Miss Orabel Chilton, who represented the Faculty Women's club of the University of California, Southern Branch. The main things taken up in their talks were on the value of club work to the individual and the value of the state federation to the individual clubs.

### Vocational Guidance

Miss Humphreys explained that Los Angeles county is the only one in the United States that has a county federation of business women's clubs. The big work to be taken up by the county federation this year is that of vocational guidance. They will attempt to make a complete survey of all the working women and of employment for women in Los Angeles county.

The next meeting of the Business and Professional Women's club of Glendale will be held Tuesday, October 25.

## E. F. Sanders Will Tell How It's Done

James M. Rhoades, secretary of the Glendale Chamber of Commerce, accompanied by E. F. Sanders, assistant secretary, will go to Oxnard tomorrow, where they will attend the meeting of the Southern California Commercial secretaries. Mr. Sanders will make a thirty-minute talk on how to get new members.

### J. R. HUNTERS ENTERTAIN

Mr. and Mrs. J. R. Hunter of 401 North Kenwood street entertained at their guests Wednesday Mr. and Mrs. C. M. Macfarlane of Chicago, Mr. and Mrs. Wright of St. Louis and Mr. Harris of Los Angeles. Mr. Macfarlane is treasurer and vice-president of the Morris Packing company, with whom Mr. Hunter was associated for a number of years. Mr. Wright is president of the National Stockyard National bank, Illinois. They were much delighted with Glendale.

So many are the entrants in the Armistice Week Carnival Queen contest being staged by the American Legion here that it is necessary to publish three pictures today and more coming. In fact, some of the most earnest workers for the legion fund are in the latter class.

Miss Dorothy Morton has a large number of friends in the business district where she is employed by Coker & Taylor, plumbers. She is a member of the Eastern Star and quite popular socially.

Miss Helen Delaine is a petite film star and daughter of Mrs. Helen MacMullin of 215A North Brand. She has been in pictures for several years and has many friends among the studio artists.

Miss Marie Hearnshaw is the daughter of Mr. and Mrs. J. H. Hearnshaw, 358 West Lomita avenue, goes to high school and dances quite often for the local lodge of Elks. She played a prominent part in "The Little Princess," a Pearl Keller production, last year.

Miss Marguerite M. Eckles is the latest nominee, according to L. W. Hoge, who has established contest headquarters at the Monarch Auto Supply company, 121 South Brand boulevard, where the popularity votes may be purchased.

### Standing of Contestants

Here is the standing of the contestants up until noon today, showing those who are most active:

**Official Standing**  
Miss Winifred Sternberg . . . 5,100  
Miss Elleen Wobcon . . . 3,350  
Miss Viola Yorba . . . 3,050  
Miss Helen Mazar . . . 1,450  
Miss Marie Hearnshaw . . . 450  
Miss Lucille Park . . . 125  
Mrs. Warren Roberts . . . 100  
Miss Helen Delaine . . . 100  
Miss Dorothy Morton . . . 100  
Miss Louise Moniot . . . 100  
Miss Lucille Heinze . . . 100  
Miss Edna Bronnenburg . . . 100  
Miss Florence Kriskie . . . 100  
Miss Margaret Eckles . . . 100  
Miss Grace McComb . . . 100  
Mrs. Esther Day . . . 100  
Miss Mildred McConbride . . . 100  
Miss Margaret Chapman . . . 100

### MRS. P. L. FERRY HOSTESS

Mrs. Peter L. Ferry of 614 East Acacia avenue entertained with a party Wednesday afternoon in celebration of the eighth birthday anniversary of her daughter Katherine. There were thirty-five little girl friends present. Decorations were carried out in pink and white and also with kewpies as one of the motifs of decoration. Games were enjoyed during the afternoon, during which all the children were given grab bags containing little gifts for them. Refreshments, including a large birthday cake, and other goodies, were served. Many pretty gifts were received by the little hostess.

### AUXILIARY TO HOLD MEET

The Juvenile Auxiliary of the Glendale Music club will meet at the home of Mrs. Frank N. Arnold, 211 East Lomita avenue, Saturday afternoon at 2:30 o'clock. Plans will be made for the year's work and it is desired that a large number of the members attend.

### EXECUTIVE BOARD MEETS

A meeting of the executive board of the Pacific Avenue Parent-Teacher association, of which Mrs. Mae Rosenberg is president, is being held at the school building this afternoon to discuss plans for fathers' night, which will be held next Thursday, October 20.

## 20 PAGES TODAY!

TWENTY pages in the Glendale Evening News again tonight! That is what the distinctive daily means to merchants who have the assurance that the readers' confidence in this paper produces results.

Thousands of copies of this representative publication are mailed east monthly by residents who wish to impress relatives and friends with the breadth and scope of Glendale as reflected in the news and advertising columns.

The Glendale Evening News stands as a leader in the cities suburban to Los Angeles, both from business and news standpoints. That Glendale people appreciate this is demonstrated by the large number of new subscribers.

## SHOE HURLERS WILL GATHER HERE FOR STATE TOURNEY

**W. H. Nichols and Others of Local Organization Get Meeting for Glendale**

Glendale has succeeded in landing the State Horseshoe Pitchers' tournament, announced W. H. Nichols, 322 East Fairview street today.

Mr. Nichols is secretary of the state association and will attend the meeting Saturday afternoon in South Park of the state delegates, at which time the date of holding the tournament will be decided upon.

The fact that the city gets the tournament comes as a reward of a strenuous effort made on the part of Mr. Nichols and a number of local members of the Horseshoe Pitchers' club. Los Angeles made a strong bid for the place, and Long Beach was running a close second, but the inducements offered by Glendale were too good to pass up.

It was first planned to hold the tournament some time the latter part of this month or the first of next, but it is now probable that the event will be staged some time the latter part of November as time is too short to get the preliminaries dispensed with in time for holding it this month, and the first two weeks of November will be taken up with armistice day celebrations in this section of the state.

### Many Visitors Expected

At the tournament held here the afternoon of October 1, a large number of visitors were present despite the inclemency of the weather and the condition of the grounds, and the hospitality accorded the guests that day had much to do in the decision of the state officials to hold the state tournament here.

Elaborate plans will be made for the day as the best horseshoe pitchers in the state will be present to compete for the trophies that will be offered. Mr. Nichols stated that he thought the event would bring 500 visitors here and he will confer with the Chamber of Commerce soon to help make the day a success.

## Wire Congratulations to W. F. Lineberger

Congratulatory telegrams are being sent Congressman Walter F. Lineberger today, thanking him for obtaining an independent postoffice for Glendale. Every business man and other person interested in the civic betterment of this city should wire or write the congressman who "put it over."

### ATTEND ENTERTAINMENT

Mr. and Mrs. E. A. Lange and Mr. and Mrs. D. E. Sanker of 328 West Vine street attended an entertainment and dance given last night in the ball room of the Kendis Apartments on Sixth street, Los Angeles, by the Masonic members of one of the large furniture stores of Los Angeles and who call themselves the "Doric Club," of which Mr. Lange is a member.

### PARTY GO DUCK HUNTING

Look out ducks! George Bentley, George Ray, Roger Bentley and Park Arnold, of the Bentley-Schoeneman Lumber company, 466 West Los Feliz Road, and Dr. E. E. Freeman of Long Beach are going duck hunting tonight at Baldwin lake. They expect to get the limit, of course.

### MR. AND MRS. HOWE HOSTS

Mr. and Mrs. Jack Root of Pasadena, who recently returned from a three-months' tour of Europe, were guests last night of Mr. and Mrs. William A. Howe of the Glendale Theatre. Mr. Root sold the Strand in Pasadena last summer.

## BUILDING PERMITS NOW APPROACH \$300,000 MARK

**J. B. Cohn Will Build Three Store Rooms on Lot on S. Brand for \$12,000**

Filling the gap on the west side of Brand boulevard between Broadway and Harvard street, J. B. Cohn of 200 North Central avenue this morning had his contractor take out a building permit for a three-room store building at 135-137 South Brand boulevard to cost \$12,000.

The month's building total at noon today was \$294,120 and by nightfall it will be more than \$300,000, according to Building Superintendent Frank A. Marek. The year shows \$3,714,563 in construction work and the first of November is apt to find the \$4,900,000 mark attained.

### List of Permits

Building permits issued during the past twenty-four hours are as follows:

James B. Cohn, 3-room store, 135-37 South Brand boulevard . . . \$12,000	Myra C. Silverberg, 6 rooms, 42 North Louise street . . . 7,000
Mrs. George K. Wagoner, 8-room residence, 518-20 South Central . . . 5,100	Mrs. George K. Wagoner, 8-room residence, 524-26 South Central . . . 5,100
Frank W. Ott, 8 rooms, 600 North Isabel street . . . 4,000	E. J. Baldwin, 6 rooms, 211 East Acacia avenue . . . 3,500
William Schmidt, 6 rooms, 611 West Broadway . . . 2,500	Mrs. M. M. Chance, 5 rooms, 403 Cameron Place . . . 2,500
J. B. Doner, 4 rooms, 529 Concord street . . . 2,000	J. B. Doner, 4 rooms, 533 Concord street . . . 2,000
J. B. Doner, 4 rooms, 732 West Doran street . . . 2,000	Mrs. George K. Wagoner, garage, 522 South Central avenue . . . 800
W. W. Rattray, porch and garage, 343 West Acacia avenue . . . 650	J. F. Truman, one-room addition and garage, 1243 Austin . . . 200
B. Van Den Berg, sleeping porch, 1131 Lot C street . . . 160	

## Today's World News In Brief

(By International News Service to Glendale Evening News)

### TWO AVIATORS KILLED WHEN PLANE CRASHES ALFAME

LYNN, Mass., Oct. 14.—Two aviators were killed near Revere beach today when a biplane of the Lynn Aerial Transportation company crashed to earth in flames. One wing of the machine is said to have collapsed. At the Chelsea hospital, one of the men was identified as Edward F. Foster, Jr., of Winchester, pilot of the plane. The other flyer's name was Fletcher Anderson.

### STORM APPROACHING, WARNING OF WEATHER BUREAU

SAN FRANCISCO, Oct. 14.—Southeast storm warnings were ordered displayed from Point Reyes north along the Pacific coast to Tatoosh island by the weather bureau today coincident with the announcement that a storm in the north Pacific is moving rapidly southeast causing rain in the western portions of Washington and Oregon and on the northern California coast. Cloudy and threatening weather extends south to the Tehachapi.

### NOTED ATTORNEY COMES TO AID OF MRS. OBENCHAIN

CHICAGO, Oct. 14.—Attorney Charles Erbstein, legal champion of a hundred women charged with slaying, today agreed to go to the rescue of Madalynne Obenchain, facing trial in Los Angeles for the murder of J. Belton Kennedy. Erbstein will leave for Los Angeles within three days. He consented to handle Mrs. Obenchain's case following a long distance telephone call from Ralph Obenchain, "the man in a million," husband of Madalynne. Admiration for the loyalty of Obenchain brought about my decision," Erbstein said.

### FORMER BEACH PASTOR OUSTED FROM CONFERENCE

LONG BEACH, Oct. 14.—Friends rushed today to the defense of Arthur F. Torrance, Ph.D., former pastor of a Methodist church here, and at present head of a university in China, who was dropped from the Southern California conference of the Methodist Episcopal church, following charges that he was intimate with a woman other than his wife. It was asserted by friends that Torrance, because of his presence in China, was unable to defend himself personally before the conference, and interpreted his failure to appear as meaning he had chosen to retire from the ministry.

### ATTORNEY M'NAB CONSIDERS TAKING ARBUCKLE'S CASE

SAN FRANCISCO, Oct. 14.—With a definite date set for the opening of the trial of Roscoe ("Fatty") Arbuckle on a charge of manslaughter growing out of the death of Virginia Rappe, film actress, both state and defense were busy today in preparing for the trial. An announcement is expected tomorrow or Monday from Gavin McNab, noted attorney, who secured an acquittal for Jack Dempsey, champion heavyweight fighter, when charged with "slackerism," as to whether he will become associated in the film comedian's defense. McNab is attorney for many important picture interests, including those of Mary Pickford and Douglas Fairbanks. It is understood the big production companies have sought to interest him in Arbuckle's defense. McNab is now examining the case. Arbuckle called on him yesterday while in San Francisco to enter (Continued on Page 4)

## FIGHT FOR WORLD'S BASEBALL HONORS 'SPECTACULAR'

Nothing Like It Seen for Years, Is Opinion Given by the Average Fan

By JACK VEIOCK  
 Written for the International News Service  
 NEW YORK, Oct. 14.—The greatest world's series is a thing of history today.  
 From a standpoint of spectacular playing in the pinches, tightly pitched games, attendance and a wonderful display of fighting spirit on the part of both teams, there has never been another series like it and it will be years, many years, before it can be duplicated.

Colonel Huston, one of the Yankee owners, expressed the opinion of the average New Yorker today when he said:

"I've seen ball clubs fight tooth and nail. I've seen pitchers throw their hearts out. I've seen a lot of things performed on a baseball diamond in my time, but I have never seen a gamer pair of teams than the Giants and Yanks proved themselves to be in this series."

Out for Championship  
 "Just say for me," the Colonel continued, "that it took a few years to build the American league championship winner and it may take a little longer to form a world's championship team, but we'll have 'em if it takes till doomsday."

An honest Houstonian tear rolled down the Colonel's cheeks as he spoke and Colonel Ruppert smiled and nodded assent.

"We're going to start building our own park here next spring," said Colonel Ruppert. "That's how much we think of the Yanks."

John McGraw and the owners of the Giants spent the happiest day of their lives. The outcome of the series made McGraw a two-time world series and seven time National league champion, all of which puts him so far ahead of rival managers that they are invisible for his "dust."

Deserves Much Credit  
 McGraw, incidentally, deserves a tremendous amount of credit for the victory scored for his team. Coming from behind after losing two games in a row to the plucky and capable Yanks, "Mac's" men evened up the series by winning two in a row themselves, and wonderful handling of pitchers and brilliant work on the part of every slabman who went into the box for the Giants with the lone exception of Fred Toney, the National league champions swept majestically to victory.

Fighting spirit on the part of the Giants, the spirit that enables a man or a team to come from behind and win, was the secret of the success of McGraw's team, coupled, as it was, with admirable management.

No one can say that the Giants were the gamest club, for the Yanks fought like wildcats for every game and were never beaten until the last man was out. They did all this without Babe Ruth, whose loss amounted to a decrease of some 35 per cent of their attacking effectiveness.

Hot Stars for Yanks  
 Waite Hoyt was the outstanding star of the Yanks. He was the ace. By scoring two out of three victories over the Giants in just that many starts he proved himself a great pitcher. He had to crack at last before the burly Giants and they cracked him. But he was great in defeat.

Jess Barnes and Johnny Rawlings were the heroes of the series from a Giant standpoint. With all due credit to Phil Douglas, who pitched and won two wonderful ball games from Mays, and the same to Nehf, whose great performance on the mound in the last game of the series was almost uncanny. Barnes must be given credit for pulling two games out of the fire and Rawlings must be credited with the greatest and gamest exhibition of playing around second base that has been seen in a world's series.

## Athletic Club Will Use High School Gym

Walter Dodge, 119 East Broadway, who is on the committee of plans for the Glendale Athletic club, announced today that he had been given the assurance that the high school gymnasium would be available for the use of the club on Monday and Wednesday evenings.

The club has its regular meetings at 111 East Broadway every Monday night and the time of using the gymnasium, together with other plans of the club, will be discussed at the next meeting. An athletic program and a dance will be held some time next month.

## Attendance at Final Game Brings \$95,452

NEW YORK, Oct. 14.—Attendance at yesterday's final game of the world's series was 25,410, with gross receipts of \$95,452, of which the National Baseball commission receives \$14,317.80 and the club owners \$81,134.20. The attendance was the smallest of any of the eight games played.

## Woman on Trial for Murder Granted Liberty

ALBANY, Ga., Oct. 14.—Mrs. Benny Temple Hudson, accused jointly with her husband, Glen Moore Hudson, with the murder of her two sons, Robert and Leland Temple, was acquitted late yesterday afternoon. Hudson was convicted last week and sentenced to be hanged.

## Official World Series Averages

NEW YORK, Oct. 14.—Official batting, fielding and pitching averages of the world series games are:

	G	AB	R	H	2B	3B	HR	TB	SH	SO	SB	Pct.
YANKS—

## OFFICIAL MINUTES OF CITY COUNCIL

Following are the official minutes of the City Council which met in session at the city hall Thursday night:

Council assembled at 8:05 p. m. Present, Councilmen Davis, Lapham, Kimlin and Robinson. Absent, Councilman Stephenson. Minutes of the regular meeting of October 6, 1921, were read and approved.

### Swimming Pool

Councilman Davis introduced the following resolution and moved its adoption, seconded by Councilman Kimlin, all voting aye:  
 "On account of statements being made that we are delaying the beginning of the work on the swimming pool, when the facts are that there has been no delay in getting the approval of the bonds. Therefore, it is hereby resolved that it is the intention of this council to begin the work on the swimming pool to be located in Patterson avenue park as soon as said bonds are sold."

Water Rates  
 Owen C. Emery appeared before the council, as a representative of the Chamber of Commerce, inquiring in regard to the status of irrigation water rates in the Grand View district.

Curbs and Water Main  
 C. B. Guthrie addressed the council in regard to curbing and grade on Highland avenue, also water mains in Grand View District.

Milford and Maple  
 At this time bids were ordered to be opened in accordance with advertisement calling for the same for the improvement of Milford street and Maple street as follows:

Milford Street—W. F. Dusey and Thomas C. Breitenstein, Peter L. Ferry, Fleming Construction company, Hugh Cornwell-John W. Henderson.

Maple Street—Cornwell and Henderson, W. F. Dusey and Thomas C. Breitenstein, Continental Construction company, Fleming Construction company, Peter L. Ferry.  
 Bids were referred to the city engineer for checking and report.

The hearing of protests were ordered at this time in regard to business district sewer, Brand boulevard to Colorado street, and the clerk reported no protests had been received and there were no protestants present.

### From Auto Club

Communication was received from Auto Club of Southern California, asking permission to erect signs at certain street intersections and on motion of Councilman Kimlin, request was granted, on roll call, all voting aye. Absent, Stephenson.

### From Dynamos Club

Communication was presented from Glendale Presbyterian Dynamos club asking permission to place sign on east corner of Broadway and Jackson street. Same was referred to the city manager for report.

Against Sanitarium  
 Petition was received signed by W. S. Kirk and seventeen other property holders in the vicinity of Colorado boulevard, between Adams street and Verdugo road, protesting against the establishment of sanitarium in that neighborhood. Same having been approved by the health officer as to sanitary conditions, Councilman Kimlin moved that petition be denied and permission to conduct rest home be granted; roll call as follows: Ayes, Davis, Kimlin; noes, Lapham, Robinson; absent, Stephenson.

Assessment No. 365  
 Communication was presented from A. W. Beach protesting against Assessment No. 365 paid by S. M. Simon, July 15, 1921. Same was referred to the city manager.

From Harry E. White  
 Communication was received from Harry E. White regarding deed of portion of block "D," Santa Euallia tract. Same was referred to the committee of the whole.

Communication was received from

A. Ambrosini asking permission to erect a temporary frame office and shed on lot known as lot 4, tract 711, located at corner of Broadway and Everett streets.

On motion of Councilman Davis, permit was granted for sixty days with subject to extension, roll call, all voting aye. Absent: Councilman Stephenson.

Bond Approved and Accepted  
 Councilman Davis moved the bond of the city treasurer in the amount of \$25,000 be accepted, same being approved by the city attorney, roll call, all voting aye. Absent: Councilman Stephenson.

Bond of City Clerk  
 Councilman Davis moved the bond of the city clerk in the amount of \$5,000 be accepted, having the approval of the city attorney, roll call, all voting aye. Absent: Stephenson.

Purchase of Ford Car  
 Communication was presented from Building Inspector Frank A. Marek, recommending that provision be made for a new automobile for inspection work of the Building Department, transferring one now used in that department to the Forestry division.

Councilman Lapham moved that request of the building inspector be complied with and that the city purchase said car. Roll call:

Ayes: Davis, Kimlin, Lapham, Robinson.  
 Noes: None.  
 Absent: Stephenson.

Bid for Pools Awarded  
 The city manager reported regarding bids referred to him at previous meeting, recommending the acceptance of the bid of Chas. R. McCormick & Company, being the lowest and best bid received, and on motion of Councilman Lapham, it was ordered that this bid be accepted in accordance with recommendation of the city manager and all other bids be rejected, by the following roll call:

Ayes: Davis, Kimlin, Lapham, Robinson.  
 Noes: None.  
 Absent: Stephenson.

Drillmaster and Instructor  
 Communication was presented by the city manager from the chief of police, advising that Captain W. A. Loving, a retired army officer and prominent citizen of the city, has consented to act as drillmaster and instructor of small arms target practice for the police force, he not wanting any compensation for his services.

On motion of Councilman Kimlin, recommendation of city manager, as presented by the chief of police, was accepted, roll call, all voting aye.

Howard Street  
 The city engineer reported as follows regarding petition for widening of Howard street north of Broadway:

Total frontage, 3800 feet; petition frontage, 2100 feet; petition, 55 per cent.  
 Councilman Davis moved that the necessary proceedings be taken for the widening of said street, roll call, all voting aye.

Elk Avenue  
 The city engineer reported as follows regarding petition for the improvement of Elk avenue from Pacific avenue to San Fernando Road, with sidewalk and curb:

Total frontage, 2730 feet; petition frontage, 1400 feet; petition, 51 per cent.

Councilman Lapham moved that petition be accepted and that necessary proceedings be taken for the improvement of said street, roll call, all voting aye.

Los Angeles Street  
 The city engineer reported as follows regarding petition for the opening of Los Angeles street: Total frontage in district, 1442 feet; petition frontage, 1142 feet; petition, 83 per cent.

On motion of Councilman Kimlin, it was ordered that necessary proceedings be taken for the opening of above named street, roll call, all voting aye.

Burbank and Glendale  
 The clerk reported having checked petition referred to him at previous meeting upon the Great Register of the county, for annexation of certain territory between the cities of Burbank and Glendale north of the S. P. tracks, and finds that they represent more than 25 per cent of the registered voters in the district described, who were registered on the

## Money Has A Mission

It should not remain idle, but be kept at work.

The advantage of depositing money in our Savings Department is mutual. Money in the bank earns 4% interest for the owner and helps some one else to "carry on."

An increase in savings deposits is reflected in an easier money market, more building activity, better business, and improved conditions. Come in and lend a hand in the upbuilding of your community.

The Glendale State Bank offers a really complete banking service—being both a Commercial Bank and a Savings Bank, with Modern Safe Deposit and Escrow Departments.

date of signing the same. On motion the report of the city clerk was accepted and the city attorney instructed to prepare proceedings providing for the election in the above named circuits, on roll call, all voting aye.

Violation of Housing Act  
 Communication was presented from Housing Inspector of the commission of immigration and housing of California in regard to construction work at 311 North Central avenue. Same was confirmed by the building inspector and on motion of Councilman Lapham, Mr. Marek was instructed to proceed according to the law in this case, roll call, all voting aye.

Ordinances Adopted  
 The following ordinances previously presented to the council were adopted, by:

Councilman Kimlin: "A resolution of the council of the city of Glendale adopting specifications No. 39 for graded and oiled streets and avenues in the city of Glendale," as resolution No. 1245, by the following roll call: Ayes, Davis, Kimlin, Lapham, Robinson; noes, none; absent, Stephenson.

Councilman Davis: "A resolution of the council of the city of Glendale adopting specifications No. 40 for the installation of single light ornamental lighting posts and equipment in the city of Glendale," as resolution No. 1245, by the following roll call: Ayes, Davis, Kimlin, Lapham, Robinson; noes, none; absent, Stephenson.

Councilman Kimlin: "A resolution of the council of the city of Glendale declaring intention to improve a portion of Maryland avenue and certain streets and alleys intersecting therewith in the city of Glendale and describing the district to be assessed to pay the costs and expenses of said improvement and providing bonds for the payment of same," as resolution 1250, by the roll call.

Councilman Lapham: Adopting plans and cross-sections No. 434, Profile No. 785 and Map No. 434 A, for the improvement of Maryland avenue, all voting aye.

Councilman Kimlin: "Resolution of council of the city of Glendale declaring intention to improve certain streets and alleys intersecting therewith in the city of Glendale and describing the district to be assessed to pay the costs and expenses of said improvement and providing bonds for the payment of same," as resolution No. 1251, by roll call.

Councilman Davis: Adopting plans and cross-sections No. 437, Profile No. 778 and Map No. 437 A, for the improvement of Chestnut street, all voting aye.

Councilman Davis: "A resolution of the council of the city of Glendale declaring its intention to improve certain portions of Chestnut street, and

States U. S. Official

CHICAGO, Oct. 14.—The worst of  
the depression which has seriously  
affected farmers throughout the  
country is over, according to Henry  
C. Wallace, secretary of agriculture.  
Secretary Wallace made this proph-  
cy in an address before the con-  
vention of the National Implement  
and Vehicle association here.

## Locals and Personals

Malcolm McLaren of 363 North  
Jackson street, who suffered a nerv-  
ous breakdown about a week ago,  
is improving.

Mrs. William Ekengren of Olathe,  
Kansas, is a house guest at the  
home of Mr. and Mrs. A. H. Lap-  
ham of 415 West Broadway.

Mr. and Mrs. Eugene Baldwin of  
West Salem street entertained a  
party of Los Angeles friends at their  
home on Wednesday evening.

G. G. Isaac of 501 North Mary-  
land avenue, who underwent an  
operation at the Glendale Research  
Hospital last Monday, is getting  
along nicely.

Mrs. L. Wiggins and Mrs. L. Gor-  
don, each accompanied by a small  
son, of El Monte, were guests Thurs-  
day of Mrs. Phil E. Dillinger of 116  
North Columbus avenue.

Mr. and Mrs. William Hunter of  
107 East Lomita avenue enjoyed a  
motor trip to Yucaipa, where they  
visited the apple festival, and Red-  
lands, over the week-end.

Mrs. F. E. Hoyt of 314 West Aca-  
dia avenue entertained at her lunch-  
eon guests Wednesday her sister-in-  
law, Mrs. Harry A. Hoyt and baby  
of Los Angeles, and Mrs. Alma Fleck  
and little daughter of Los Angeles.

Mr. and Mrs. William Hunter of  
107 East Lomita avenue entertained  
at their dinner guests Wednesday  
night Mr. and Mrs. Fred Saffron of  
Omaha, Neb., and Mr. and Mrs. W. A.  
Gill, Turner Gill and William Gill, Jr.

Mrs. Mary A. Hunter of Los Ange-  
les returned to her home Wednesday  
after having been a guest at the  
home of her son and daughter-in-law,  
Mr. and Mrs. William Hunter of 107  
East Lomita avenue, for the past  
week.

N. H. Stanley of 738 South Mary-  
land avenue returned Wednesday  
night from a two months' business  
sojourn in Chicago. Returning via  
Salt Lake route, he stopped in Den-  
ver overnight, and in Salt Lake City  
a few days.

Robert N. Greenlaw, Jr., son of  
Mr. and Mrs. R. N. Greenlaw of 708  
North Jackson street, was taken  
home yesterday from the Glendale  
Research Hospital, where he under-  
went an operation for the removal  
of his tonsils last Wednesday.

D. H. Godfrey, who has been en-  
gaged in oil prospecting in Imperial  
valley, and who has been in Los An-  
geles and Huntington Beach the past  
few days to get equipment and re-  
pairs for a new rig, spent a few  
hours in Glendale last night.

Miss Marion Jones of 376 West  
Lexington Drive entertained inform-  
ally Thursday evening. Her guests  
were Miss Madeline Love, Miss Hazel  
Wilson, Misses Murray and Margaret  
Longley, Miss Margaret Sharpe, Her-  
bert Besant and Phil E. Dillinger.

Captain A. Fleming of 1137 East  
Elk avenue, who has been enjoying  
a furlough of two months' duration,  
returned Thursday morning to the  
Soldiers' Home at Sawtelle. Captain  
Fleming is a veteran of the Civil war  
and has passed his 83rd birthday.

Mrs. Marie Johnston of San Fran-  
cisco, who has just returned from  
Norway, where she has been visiting  
at her former home, is a guest at the  
home of her brother and sister-in-  
law, Mr. and Mrs. H. Fosberg of 117  
East Lomita avenue for two weeks.

Mrs. E. French, Mrs. Louis Som-  
ers, Mrs. T. H. Hickey and Mrs. Eliza-  
beth Challenger, all of Los Angeles,  
and Mrs. Chase Woods of Lynwood,  
motored to Glendale and enjoyed an  
afternoon tea with Mrs. Naylor Rogers  
of 219 West Lomita avenue on  
Thursday.

Miss Katherine Chambers, former  
resident of this city and who has  
spent the past four months visiting  
with friends and relatives in San  
Francisco and Berkeley, returned to  
Glendale a few days ago and is a  
guest at the home of Mr. and Mrs.  
P. J. McCann of 317 West Myrtle  
street.

A pall which had contained honey  
was placed on the walk near Char-  
les street on North Brand boulevard  
yesterday afternoon, and a swarm of  
bees immediately took possession and  
began to salvage the sweets. Every  
one passing took a keen interest in  
the matter by giving the workers a  
wide berth. The pall was later re-  
sued by an eligible for a Carnegie  
medal.

Mrs. Henry Molz of 363 West Lex-  
ington entertained with a children's  
party Thursday afternoon in cele-  
bration of the sixth birthday of her  
little son Robert. They enjoyed some  
lively games, were served ice-cream  
and cake, and received pretty  
balloons as favors. Those present  
were Jack and Payton Baer, Jean and  
Florence Hinchcliffe, Ritchey Jones,  
Evelyn and Robert Holz.

Mr. and Mrs. George Kelsey, who  
recently sold their home at 430 West  
Burchett street and who are now liv-  
ing in Long Beach, were visitors in  
Glendale during the past week. Mr.  
and Mrs. Kelsey have purchased  
property at Southgate Gardens,  
which is located south of Walnut  
Park, where they are erecting a six-  
room bungalow. At present they  
are guests in the beach city at the  
home of Mr. Kelsey's parents.

Stillman Chase, son of Mr. and  
Mrs. A. S. Chase of 400 Riverdale  
Drive, entertained Thursday night in  
honor of Willard Roberts, who was  
celebrating his eighteenth birthday.  
The evening was spent with games  
and refreshments were served at a  
table prettily decorated with Hal-  
lowe'en colors. The same effects  
were carried out in the favors. Those  
present were Willard Roberts, David  
Roberts, Ethel Oliver, Mary Mam-  
bert, Erma Lucas, Cecil Chase,  
Chas. Mambert, Paul Chase, Clifford  
Berocro, Alex and Ordean Chase.

## Locals and Personals

G. E. Isaac, 501 North Maryland  
avenue, is doing nicely at the Glen-  
dale Research Hospital following an  
operation Monday.

Dr. Susan Isaac of Kansas is a  
guest at the home of her brother and  
sister-in-law, Mr. and Mrs. G. G.  
Isaac of 501 North Maryland avenue.

Mrs. Irene Bower and daughter,  
Isabel, of Long Beach, will spend the  
week-end as the guests of Mr. and  
Mrs. Elmer Masters of 220 Haw-  
thorne street.

Mrs. Edward F. Howard, 206 West  
Adams avenue, Eagle Rock, is the  
mother of a girl, born yesterday,  
October 13, 1921, at the Glendale Re-  
search Hospital.

Peicy Jewell, who was operated on  
at the Glendale Research Hospital  
last Saturday for appendicitis, re-  
turned to his home at 1319 East  
Harvard avenue today.

The members of the eighth grade  
of the Cerritos avenue school, under  
the direction of the room mother,  
Mrs. Whitney, held a candy sale at  
the school building at noon today.

Mrs. L. L. Barnum and Mr. and  
Mrs. Will Bishop of Long Beach  
were visitors yesterday at the home  
of their sister and aunt, Mrs. C. R.  
Fellows, of 1116 East California  
street.

The Shakespeare section of the  
Tuesday Afternoon club, of which  
Mrs. A. H. Montgomery is curator,  
will meet Monday at the home of  
Mrs. B. O. Holbrook, 426 West Har-  
vard street.

Mr. and Mrs. Charles Klammer of  
West Los Feliz Road are the proud  
parents of a seven-pound baby girl  
born on Wednesday, October 12,  
1921. Both mother and daughter  
are progressing rapidly.

Roy and Smith Fellows, who have  
been visiting their mother, Mrs. C.  
R. Fellows of 1116 East California  
street and attending their father's  
funeral last week, left this morning  
for their home in Denver.

Mrs. Sallie Campbell Braden of  
526 North Kenwood street enter-  
tained at her dinner guests last  
night Mr. and Mrs. Daniel Campbell,  
Mrs. Mayne Pollock and Mrs. Mary  
Ogden Ryan.

Mr. and Mrs. Elmer Masters, for-  
merly of Glendale and who have been  
living in Los Angeles for the past  
five years, have returned to Glendale  
and are in the same apartments as  
they formerly occupied at 220 Haw-  
thorne street, "The Monte Vista."

Mrs. Daniel Campbell of Ard-  
evain, North Highland avenue, will  
leave Sunday in company with Mr.  
and Mrs. W. W. Worley by automo-  
bile for Santa Cruz, where they will  
attend the grand chapter of the  
Order of the Eastern Star of the  
state of California. This is Mrs.  
Campbell's last year as grand rep-  
resentative of the state of New Hamp-  
shire, which position she has held  
for three years.

Mrs. H. O. Melone of 309 Myrtle  
street entertained at luncheon yester-  
day in honor of her cousin, Mrs.  
Jack Hooper of Reno, Nev., who is  
her house guest. The luncheon  
guests included Mrs. Hooper, Mrs. R.  
A. May, Mrs. George Murphy, Mrs.  
J. McNair, Mrs. L. Pometti and Miss  
L. Myers of Los Angeles, Miss Flor-  
ence Meyers of Burbank and Mrs. J.  
B. Doner, Mrs. John Cole and the  
hostess, Mrs. H. O. Melone of Glen-  
dale.

St. Mark's Guild met yesterday  
afternoon in the guild hall of the  
church with about thirty present.  
The president, Mrs. B. O. Holbrook,  
opened the meeting at 2:30. She  
announced that the guild hall will  
be open every Thursday afternoon at  
1:30 o'clock so that members may  
come early for work, until after the  
bazaar. The business meetings will  
be opened at 3 o'clock instead of  
2:30. After the business meeting  
yesterday a social afternoon was en-  
joyed and tea served.

His birthday anniversary having  
occurred during the week a group  
of friends of William McMillan of  
336 West Milford street decided to  
surprise him last night. They in-  
cluded Mr. and Mrs. Robert Dean,  
Mr. and Mrs. George Neill and daugh-  
ter Alice, Mr. and Mrs. R. Downing,  
Mr. and Mrs. B. O. Holbrook and  
Mrs. Holbrook's mother, Mrs. Parker,  
Mr. and Mrs. C. E. Dudley and Mr.  
and Mrs. William McMillan. Cards  
were enjoyed during the evening and  
refreshments served.

Mrs. Daniel Campbell of Ard-  
evain, North Highland avenue, en-  
tertained with a surprise dinner on  
Tuesday in celebration of the six-  
teenth birthday anniversary of her  
daughter Kathleen. The guests in-  
cluded Esther Black and Virginia  
Huntley. Thursday Mrs. Campbell  
entertained with a matinee party in  
Los Angeles to see the play "Happi-  
ness." The guests were Mrs. Arthur  
Campbell, Mary Elizabeth and Mar-  
garet Campbell, Mrs. Dr. Campbell of  
Los Angeles, Esther Black, Virginia  
Huntley, Kathleen Campbell and the  
hostess, Mrs. Daniel Campbell.

The fire was caused by a hot water  
pipe overheating the woodwork in the  
attic above the top of a vent over a  
gas stove. At the time the house,  
which belongs to Mrs. C. E. Russell,  
was built the fire ordinance required  
that the top of the vent should be  
placed a certain number of feet be-  
low the roof. The smoke and hot  
fumes were released in the attic.

"We have had fire before, just  
that way," declared Chief Lankford.  
"Now the vent has to pass out  
through the roof."

The visits of comets to our region  
of space are generally of brief dur-  
ation. Two years is the longest time  
a comet has been continuously vis-  
ible through the telescope.

Astronomers have begun to use  
radium paint for illuminating the  
cross-wires of telescopes, divisions of  
circles and verniers and details of  
star maps.

One of the satellites of Mars re-  
volves around the planet faster than  
the latter turns on its axis. As seen  
from the surface of Mars it rises in  
the west and sets in the east.

## League's Decision to Be Ratified, Reported

LONDON, Oct. 14.—The foreign  
office announced today that the  
league of nations' decision on upper  
Silesia probably would be ratified  
automatically by the allied powers  
without a formal meeting of the  
supreme council. The supreme council  
must ratify the decision either as a  
body or else through the chancellors-  
of the various powers.

The "cresograph," devised by Sir  
J. C. Bbse, makes visible the slow  
growth and other movements of  
plants, which are magnified several  
million times in this instrument.

If you want to sell your vacant  
lots, list them with Lee & Guy Thom-  
as, 314 S. Brand. Open evenings.—

## BUILDING CAMPAIGN OF PRESBYTERIAN CHURCH STARTS

Form Two Organizations of  
Men to Conduct Work to  
Get New Structure

"Glendale has only begun to grow,  
and when a church is built here it  
should be considered whether it is  
to be built for five, ten, twenty-five  
or fifty years."

This was the gist of an address  
delivered by Rev. W. O. Wark of  
Pomona to a gathering of seventy-  
five men at the Presbyterian church  
last night when the building cam-  
paign for the new Presbyterian  
church at the northwest corner of  
Louise and Harvard streets was dis-  
cussed.

The men present at the meeting  
last night gathered at the invitation  
of the finance committee to hear  
Rev. Wark, who is now engaged in  
raising a sum of \$10,000,000 in five  
years for Pomona college. Rev.  
Wark was of the opinion that the  
church should not start for less than  
\$200,000, or possibly \$250,000, of  
which about \$100,000 is now  
pledged.

Two divisions were organized for  
a campaign. Rev. Louis Tinning, as-  
sistant pastor of the church was ap-  
pointed general of the campaign and  
Howard L. Brown, 406 North Mary-  
land avenue, and A. L. Baird, 637  
North Orange, were chosen as lead-  
ers of the divisions. A banquet is  
to be given by the division which is  
outdone in securing building pledges,  
and at the meeting last night the en-  
thusiasm indicated the contest would  
be close.

"It is apparent," said James A.  
Newton, 621 North Jackson street,  
chairman of the publicity committee,  
"that the members of the church are  
back of the proposition to a man,  
and are glad to be on the job. In  
a few years they will look back with  
a great deal of pleasure at having  
given Glendale a church of which to  
be proud."

Working Out Plans  
Architect Robert H. Orr, Los An-  
geles, is busy working out the plans  
for the church. There will be two  
buildings, the main church contain-  
ing an auditorium with a balcony to  
seat 1500 people, a Sunday school  
assembly room to seat 1200, and a  
banquet room to accommodate 800.

There will also be a kitchen and  
service departments, and a junior  
study with eight classrooms in the  
main building. The pastor's study  
will be located in the tower. Two  
floors above will be utilized as boys'  
club rooms.

Building of Gothic Style  
The educational departments will  
be in a separate building. This  
building will consist of two stories  
and a basement. In the basement  
will be four classrooms.

Church offices, beginners' primary  
departments of six classrooms, ladies'  
parlor and an adult room will be  
built in the first story. The second  
story will be planned to have twelve  
classrooms.

The buildings will be Gothic in  
style, with brick walls, terra cotta  
trimmings, slate roofs, art glass and  
hot air and steam heat.

## Mrs. Beatrice Francy's Home Afire; Light Loss

Mrs. Beatrice Francy, 120 South  
Louise street, received a "social"  
call this morning at 9:15—from the  
fire department. She was visited by  
Chief A. H. Lankford, Captain Ralph  
Doddsworth, Al Montoy, Dean Wil-  
liams and Jack Rockwell.

George Meyers was there also, al-  
though somewhat embarrassed on ac-  
count of a bad gash in one of his  
trouser legs caused when he was  
struck by the unreeling hose and  
knocked off the rear platform as  
truck No. 3 rounded the corner into  
Louise street.

"The fire? Oh, yes, to be sure there  
was a fire! It had just started to  
blaze in the attic when the fire de-  
partment made quick work of ex-  
tinguishing it with a few drops of  
water. As soon as the telephone  
alarm was received, the hose was at-  
tached to the nearest hydrant to be  
directly in front of the fire station.

The boys might have put the six  
flames out with chemicals but they  
thought as long as they had gone to  
the trouble of unwinding 700 feet of  
perfectly good hose, they ought to  
use it.

The fire was caused by a hot water  
pipe overheating the woodwork in the  
attic above the top of a vent over a  
gas stove. At the time the house,  
which belongs to Mrs. C. E. Russell,  
was built the fire ordinance required  
that the top of the vent should be  
placed a certain number of feet be-  
low the roof. The smoke and hot  
fumes were released in the attic.

"We have had fire before, just  
that way," declared Chief Lankford.  
"Now the vent has to pass out  
through the roof."

## New Kewpie Lamps on Display Is Attractive

Glendale is becoming quite a center  
of art! Have you seen the new  
kewpie lamps on display in the win-  
dow of Pope & Tollett's confection-  
ery at 111 South Brand boulevard  
yet? They stand about a foot high,  
are built in proportion, and support  
an electric light bulb covered with a  
colored shade which serves as a hat  
for the doll. Most of them are dressed  
in ballet costumes trimmed with a  
fringe of tinted feathery fuzz. Some  
of them have brief dresses and fan-  
like hats of feathers dyed in delicate  
tints.

## Southern Glendale Improvement Club's Meeting Short One

The Southern Glendale Improve-  
ment club met for a short session  
last night in the branch library build-  
ing on South Brand boulevard, Stuart  
Street presiding. Members of the  
club expressed commendation for the  
splendid work of the committee, con-  
sisting of E. J. Morgan, Kemper  
Campbell and Dr. W. C. Mabry in  
securing some much needed improve-  
ments at the Cerritos avenue school  
by interviewing the board of city  
school trustees.

Edward Carvel and Mr. Lind of  
the Oak street improvement associa-  
tion were present and spoke in re-  
gard to the matter of what that as-  
sociation considers the inequitable  
assessment for the laying of water  
mains in certain streets in the city.  
An invitation was extended to the  
members of the Oak Street Improve-  
ment association through Mr. Carvel,  
to appear at the next meeting of the  
Southern Glendale Improvement club  
so that the matter may be discussed  
thoroughly.

As a number of the members of  
the club were unable to be present  
at last night's meeting the matter of  
reports of committees was deferred  
until the next regular meeting, which  
will be held Thursday, October 20.

## Large or Small, Your Foot Can Be Fitted

"If anybody in Glendale has a No.  
13 foot, we will be glad to have a  
shoe built especially for him," re-  
marked W. V. Clark of Jackson-  
Clark, 1320 East Broadway, this  
morning commenting upon the com-  
plete line of extra fine Emerson  
shoes which have at last arrived and  
been placed on display. In color  
they are black, cordovan, or choco-  
late and the shipment contains a  
number of up-to-date styles including  
the following lasts: Buzz, Boston,  
Ambassador, Biltmore-combination,  
Whistler, Man-o-war, and Dictator.

Practically all of the numbers have  
rubber heels attached. Most of them  
have four hooks but a few leave all  
the way up.

This store also has a stock of  
Westmade work shoes. Mr. Clark  
declares that they are "darn good  
cowhide—or hide from a darn good  
cow" whichever way you want to  
put it.

## Mrs. Flora Temple Is Hostess to Chapter L

The members of Chapter L, P. E.  
O., met for an all-day meeting on  
Wednesday at the home of Mrs.  
Flora Temple, 145 North Orange  
street. The morning was devoted to  
a business session. Roll call was  
answered by current events and fa-  
vorite verses of poetry.

Luncheon was served at noon, the  
hostesses being Mrs. Flora Temple,  
Mrs. Alma Danford, Mrs. Evangeline  
Smith and Mrs. Ann P. Bartlett.

In the afternoon a very interest-  
ing program was given and talks  
were made by Mrs. Josephine Bryant,  
Mrs. Letitia Lusby and Mrs. Gene-  
vieve Goss, their subjects being fi-  
nance, inventions and foreign com-  
ment. These talks were very much  
enjoyed and proved both educational  
and interesting. Mrs. Lasswell of  
Kenneth, Mo., was the guest of the  
chapter.

## Glendale Realty Will Open in Eagle Rock

The Glendale Realty company, 131  
South Brand boulevard, is planning  
to open a branch office in Eagle Rock  
to take care of its business in that  
section. The new office will be con-  
ducted by A. D. Knox of Eagle Rock,  
with P. C. Brown, manager of the  
Glendale Realty company, in general  
supervision.

The company has been very active  
the past few days in placing property  
and today the Brand boulevard of-  
fice was filled with visitors from Los  
Angeles, seeking real estate here, the  
managers state.

## Dodge Full of Dogs Is Enroute to Fair

A Dodge full of dogs passed  
through Glendale this morning on its  
way to the Riverside fair. It was  
driven by Ed Snedden, who was ac-  
companied by F. W. Wright, one of  
the owners of the Fair Oaks Kennels,  
the "home of thoroughbred shooting  
dogs." The six dogs in the cage at  
the back of the car were thorough-  
bred brown pointers with the usual  
white spots. All of them are eager  
to win prizes.

## Mrs. Joseph Cave Lost Her Dog; Police Find It

Mrs. Joseph Cave of 338 West Har-  
vard street lost her dog yesterday.  
When it didn't come back this morn-  
ing she notified the police. Within  
fifteen minutes Officer Herda arrived  
at the Cave residence and politely in-  
formed her that Mrs. R. F. Henry, a  
neighbor, had reported finding the  
dog yesterday. Mrs. Cave says all  
dog owners should know how pleas-  
ant and efficient the police are.

## Free Music Offered to Glendale Homes

There are five-day bicycle races—  
and now comes word of a five-day  
concert! The Kenney Music Shop,  
203 North Brand boulevard, is offer-  
ing to send any Columbia Grafonola  
to any home in Glendale with twelve  
personally selected records for five  
days' free trial.

"Yes," admitted W. H. Kenney,  
"they can play the machine for five  
days and nights without stopping. I  
hope they do, because then they are  
sure to recognize its quality and keep  
it permanently."

Details of the offer appear in the  
big advertisement on page 11 of this  
edition of The Glendale Evening  
News.

Raindrops can be measured by al-  
lowing them to fall into a shallow  
layer of fine, dry flour. Each drop  
forms a little pellet of dough of its  
own size, which can be measured  
and photographed.

## FIRST METHODISTS WILL CELEBRATE ANNIVERSARY

Eighteenth 'Birthday' to Be  
Observed Sunday; Founded  
by Rev. C. R. Norton

(Continued from Page 1)  
rooms here during the summer of  
1906, but the edifice was not dedi-  
cated until September 16, when the  
late Bishop Robert McIntyre  
preached the opening sermon. This  
building was used until about four  
years ago when the church moved  
into its present fine, modern, brick  
edifice at Kenwood and Wilson ave-  
nues. The old church building was  
then sold and wrecked to make room  
for two residences.

**Organizes Other Churches**  
After founding the church here,  
Rev. Norton was sent to Cucamonga  
Canyon by the Methodist conference  
to organize a church there. Three  
years later he founded a church at  
Casa Verdugo and remained there for  
three years, giving ten years to ac-  
tive ministerial work in this vicinity.  
A member of the G. A. R., Rev.  
Norton has been chaplain of the N.  
P. Banks post for some time. For  
two years he was chaplain for the  
departments of California and Ne-  
vada for the Grand Army and during  
the past eight years he has been  
chaplain of the Veterans' Association  
of Southern California.

Rev. B. D. Snudden, who suc-  
ceeded Rev. Norton in the Methodist  
church, served one year in the pre-  
sent edifice before going to France to  
engage in C. E. work. The pulpit  
was supplied for a year by Rev. C.  
H. Scott, who is now connected with  
the movement to establish a great  
western religious center in Santa  
Monica Canyon.

**First Sunday School**  
The first Sunday school was or-  
ganized by Rev. Norton on October  
18, 1903, and put under the direc-  
tion of Mrs. C. E. Russell. It had  
35 members which was considered a  
fair start. For ten years T. W.  
Watson acted as its superintendent.  
An Epworth League was organized  
during the second year of the church.  
Miss Frances Hendershott, who has  
now taken another name and lives  
at Crescent City, was very active in  
it. She also taught in the public  
schools here. The membership of  
forty was considered quite large.

"The growth of the church here  
has been wonderful!" exclaimed Rev.  
Norton. "We started with only thir-  
ty-two members and there are now  
on the lists over a thousand. There  
is an average attendance of over 500  
in the Sunday school and there is  
now a campaign to increase it to a  
thousand. There is no doubt that  
this will be done before a great many  
months.

**Perfect Harmony Prevails**  
"One of the most important things  
in connection with the work of the  
church is its unanimity—its perfect  
harmony. So many churches divide  
into little factions. That is one  
thing that I have never known in  
this church. There is perfect  
unanimity."

"It was wonderful the way the  
members raised the money for the  
new church. When it was an-  
nounced that \$23,000 was our share  
of the Centenary fund, I said that it  
never could be raised. They did it,  
though, and right on the heels of this  
they raised about the same amount  
to apply on the church debt.

"Mr. Crist is a pastor, who has  
the hearty co-operation of the entire  
congregation. I don't know of a dissen-  
ting voice against him. He is very  
popular with the members and we  
are all in hearty sympathy with him.

**Reaching Out in Work**  
"It is a great church, and without  
doubt it is doing a great work. It  
has a great future in the mission that  
it performs in reaching out as we  
Methodist folk say in the work of  
salvation, gathering souls into the  
kingdom and into the fold and in  
its salutary effect upon the commu-  
nity. The church expects to assert a  
wholesome influence in building up  
the community in every way that is  
legitimate in a well-organized city  
like ours."

Rev. Norton is well loved by the  
members of the Methodist church.  
His life of Christian service has  
been an example to them. His help-  
ful influence has been widespread.  
To some he has been a "daddy;" to  
some a big brother and to all a good  
friend. Mrs. Norton was married in  
Iowa forty-nine years ago, has  
four sons and two daughters, and  
are looking forward with earnest  
eagerness to celebrating next year  
their golden wedding anniversary.

**Jazz With Your Shave**  
at Hanning's Shop  
The barber business is good and  
Pierson Hanning, A. T. Jones, Robert  
Fakler and Ernest Polster, 112  
North Brand boulevard, do consid-  
erable humming from time to time,  
but Teddie excels them all. He is a  
repertoire. When he isn't picking  
bird seed, he's warbling and trilling.  
Mr. Hanning is figuring out a  
schedule whereby a shave would en-  
title a customer to "reclining easy  
chair" during one song and a hair-  
cut would give two songs while for  
a dollar and half's worth of tonorial  
work a whole concert could be en-  
joyed.

## COMMENT THAT'S ALL

Ten-Year Battle Done  
Reflections in News  
Capital Well Covered  
Malibu Road Completed  
—By Gil A. Cowan—

TEN YEARS' battle done! Glen-  
dale has won its independent  
postoffice! That was the mes-  
sage carried in full to the people here  
by The Glendale Evening News yester-  
day.

Congressman Walter F. Lineberger  
is to be complimented on accomplish-  
ing something which Charles H. Ran-  
dall failed to do. James M. Rhoades,  
secretary of the local Chamber of  
Commerce, is worthy of praise for  
forcibly bringing the moot subject  
to an early climax.

The citizens of Glendale also are  
due thanks for the loyal support they  
have given the movement for an in-  
dependent postoffice. It has been  
their united effort which has made  
this great day possible in the history  
of the fastest growing city in its  
class in America.

When tourists come here in years  
to come they will find a federal  
building, a mail service and a post-  
master in tune with the town. But  
that is not all. Glendale will not  
be a tail to Los Angeles' kite. There  
will be no necessity for going to Los  
Angeles to transact official business.  
There will be no cause for delay in  
service here because of congested  
conditions. Oh, there are so many  
things for which the independent  
postoffice stands, it is im-  
possible and, in some instances un-  
kind, to enumerate them.

The next big question faced by the  
community is to find a fighting post-  
master—a man with enough mental  
balance, but sufficiently primed not  
to permit Los Angeles further con-  
trolling Glendale's destinies in the  
way of mail service. There has been  
no suggestion of postmaster as yet  
because of the quick action obtained  
by Congressman Lineberger who is a  
"fighting man" himself. However,  
it is a subject for consideration.

How quickly happenings in Wash-  
ington are reflected in the commu-  
nities which they reflect. Yesterday  
morning Congressman Lineberger and  
Frank A. Harrison, Nebraska news-  
paper man, who intends locating here  
because of his friendship for W. S.  
Perrin of the Glendale Savings bank,  
started on tour of the postoffice de-  
partment to impress Dr. Hubert  
Work, first assistant postmaster gen-  
eral, with the importance of an in-  
dependent office here.

They were granted interview with  
him, he reviewed the case and decided  
on the action to be taken. He dic-  
tated an order, sent it to the con-  
gressman's office and from there the  
word was spread—all before noon,  
Pacific time. Mr. Harrison's message  
to Mr. Perrin here was received by  
The Glendale Evening News shortly  
after noon. Within an hour papers  
were on the street announcing Glen-  
dale's great victory. Attorney W. E.  
Evans received a confirmatory tele-  
gram from his friend the congress-  
man, shortly after 1 o'clock. This,  
too, was soon in type and the paper  
put to press before 2 o'clock. By  
evening the entire community was  
cognizant of the fact that Glendale  
is to have an independent postoffice.  
Indeed, this is the age of speed.

While on the subject of Washing-  
ton, your attention is called to the  
complete way in which the capital is  
covered by The Glendale Evening  
News. Turn to the different pages of  
this large paper today and you will  
see interesting articles by the Inter-  
national News Service leased wire,  
the U. S. Press Association and J. E.  
Jones, special correspondent. In  
other columns there are special  
stories from Sacramento, the state  
capital; Denver, Los Angeles and  
other news centers, all of which will  
keep you well informed. Local  
news, the latest telegraphic briefs,  
sporting and editorial comment also  
have their place. Readers relish  
their "home town" paper which keeps  
abreast with the times.

The opening of the Malibu road  
tomorrow by the county marks the  
culmination of another fight more  
thrilling than that of Glendale for its  
own postoffice. For years it has  
been the desire of the public to travel  
through the Rindge estate along the  
coast north of Santa Monica.

Legal battles preceded engineers  
into the mountain fastnesses of win-  
dow Rindge's property. Fist fights  
followed in the wake of the road  
crews and only yesterday another  
barrier was placed in the twenty-one  
mile highway.

But the board of supervisors and  
sheriff's office were too quick. They  
have men camped on the job and  
Malibu road is to be opened as  
planned. A barbecue will be a fea-  
ture of the festivities.

**Own Motor Car? Well,  
Don't Forget Veterans**  
The Chamber of Commerce has a  
communication on file asking all  
members who have motorcars to re-  
member the world war veterans at  
Thornycroft sanitarium, Windsor  
Road and Adams street, who are con-  
valescing from wounds and gas. They  
greatly appreciate short automobile  
rides around the vicinity and it is  
every person's duty, according to Mr.  
Rhoades, to repay these men for their  
sacrifices to America.

**Office and Business  
Will Be on the Move**

The fact that the construction of  
the business block by John W. Law-  
son on North Brand boulevard will  
necessitate moving for a distance of  
a few rods the real estate office of  
Main & Reiland, 221 North Brand  
boulevard, does not concern Albert  
E. Main of the realty firm at all.  
"While the office is being moved,"  
he said, "we'll be found at the desk  
doing business on the move."

## CITY COUNCIL ACTS ON REPORT ABOUT SWIMMING POOL

Denies Project Being Delayed  
and Promises Action as  
Soon as Bonds Sell

(Continued from Page 1)  
It is probable that the hauling  
will be done on Glendale avenue.

Harry E. White also spoke in fa-  
vor of protecting the streets from  
destructive traffic.

**Provisions of Ordinance**  
The provisions of the ordinance  
adopted last night follow:

"Section 1. That those certain  
streets and avenues and parts of  
streets and avenues in the city of  
Glendale described as follows:

"Clarissa avenue from Verdugo  
road to Canada boulevard.  
"Louise street from Doran street to  
the westerly prolongation of the  
northerly line of lot 9, block 13 of  
the Glendale Boulevard tract, as per  
map recorded in book 5, page 167  
of maps in the recorder's office of  
Los Angeles county, California.

"Kenwood street from Doran street  
to the northerly line of  
lot 9, block 13 of said Glendale  
Boulevard tract.

"Jackson street from Doran street  
to the northerly line of tract  
No. 1645, as per map recorded in  
book 20, pages 190 and 191 of maps  
in the recorder's office of Los An-  
geles county, California.

"Isabel street from Doran street  
to the northerly line of said tract No.  
1645.

"Howard street from Doran street  
to the northerly line of said tract No.  
1645.

"Geneva street from Doran street  
to the northerly line of said tract No.  
1645.  
"Be and the same are hereby de-  
clared to be, and are hereby dedicated  
as open, public boulevards, along  
and upon which it shall be unlawful  
for any person, firm or corporation  
to drive, or cause to be driven, any  
truck, dray, wagon, oil wagon, tank  
wagon, cart or other vehicle em-  
ployed in carrying sand, earth, gravel,  
oil, coal, wood, manure, lumber,  
brick or other building materials;  
provided, however, that this ordi-  
nance shall not apply to the use of  
said boulevards between said points  
for a distance less than one block  
by vehicles carrying such sand,  
earth, gravel, oil, coal, wood, manure  
or lumber; or brick or other building  
materials; or from the premises  
fronting on said boulevards from or  
to the nearest intersecting street be-  
tween the said points.

"Section 2. Any person, firm or  
corporation violating any of the pro-  
visions of this ordinance shall be  
deemed guilty of a misdemeanor, and  
upon conviction thereof shall be  
punishable by a fine of not less than  
\$5, nor more than \$50, or by im-  
prisonment in the city jail or in the  
jail of Los Angeles county,  
California, for a period not less than  
5 days, nor more than six months,  
or by both such fine and imprison-  
ment."

**Council in Tie Vote**  
Ballotting by the council last night  
as to whether Dr. Agnes Hansen  
should be permitted to establish a  
rest home at 1136 East Colorado  
street resulted in a tie. Councilmen  
Davis and Kimlin voting yes and  
Councilmen Lapham and Robinson  
voting no. The matter will come up  
again next week and Councilman  
Stephenson will have the deciding  
vote, if other councilmen do not  
change from their present attitude.  
The request for the rest home was  
opposed in a petition presented by W.  
S. Kirk and signed by about eighteen  
property holders. Dr. E. E. Eckles,  
health officer, reported there was no  
complaint as to the sanitary condi-  
tions relative to the proposed home.

**Regarding Water Rates**  
The city council is not contem-  
plating an immediate raise in water  
rates. This was made plain last  
night when Attorney Owen Emery,  
representing the Chamber of Com-  
merce, appeared and asked the ques-  
tion:

"Do you intend to raise the water  
rates? People in the northwestern  
portion of the city want to know,  
especially since an annexation elec-  
tion is on."  
City Manager William Reeves, at  
the suggestion of the council, re-  
sponded that no immediate raise is  
contemplated. However, he said, the  
water department is running behind  
financially and a raise in rates will  
have to be made to face the loss. He  
also said that the people in the ter-  
ritory proposed to be annexed are  
assured of a lower water rate in  
Glendale than in Burbank.

Members of the council also stated  
the rates would not be raised imme-  
diately, but that some such action  
would have to be taken to cover the  
loss in the department. It was de-  
clared that it is proposed to increase  
the rate now in force by large users  
of water.  
"That will hit the Japs, but we  
should worry about them," said  
Councilman Lapham. "The water  
business is now run at a loss; the  
revenue will have to be increased;  
a slight raise in rates is the only  
solution."

**Wants Curbing Lowered**  
Charles B. Guthrie appeared and  
asked that certain curbing on High-  
land avenue between Sixth street and  
Kenneth road be lowered, claiming  
that it was all out of proportion to  
the rest of the street. City Manager  
Reeves said the complaint was a just  
one and adjustment will be made, the  
council indicated.

**Seeks Return of Deed**  
Harry White, in a written commu-  
nication and personally asked the  
council for the return of a deed  
granting certain property to the city  
at Brand and San Fernando road.  
The city, he said, had promised to  
do certain street work in return for

## Pre-Opening Sale of Rugs

On account of delayed shipments  
in furniture the stock is not yet

## Baptist Women Meet for All Day Session

The October all-day meeting of the  
Baptist Women's Union was held  
Thursday at the church. White  
Cross sewing was done in the morn-  
ing and at noon a splendid luncheon  
was served to sixty people. Bowls  
of cosmos decked the long tables.

After luncheon the business meet-  
ing was called to order by the pres-  
ident, Mrs. E. E. Ford. This was  
followed by an interesting program  
in charge of Mrs. J. Roger Bentley.  
"The Binding and Loosening of the  
Nations" was the title of the pageant  
she had arranged, which very effect-  
ually depicted how the spirit of  
Christianity, and her co-workers ed-  
ucation, evangelism, economics and  
hygiene, could overcome sin and the  
dangers that follow in its wake, pov-  
erty, darkness and disease. Mrs. J.  
Roger Bentley afterwards gave a  
splendid review of the study book  
"The Kingdom of the Nations." Mrs.  
Park Arnold and Mrs. Ray Bentley  
sang "Watchman Tell Us of the  
Night."

## Killed While Striving to Save Life of Boy

SPOKANE, Oct. 14. — In an  
unnecessary effort to save the life  
of her 2-year-old son, who had  
tumbled on to the track, Mrs. C. H.  
Thieman, 31, was instantly killed at  
Española, nineteen miles from here,  
by a Great Northern train. The  
child's life was saved by an uncle,  
R. D. Thieman.  
The heroic mother did not see  
Thieman start to the rescue from  
the other side of the track and ran  
along the track towards the baby.  
The train hit her just as Thieman  
grabbed the child and made his own  
escape by a matter of a couple of  
feet.

the deed, but had, he claimed, failed  
to act. The matter was referred to  
the committee of the whole and  
Councilman Kimlin declared that an  
effort will be made to secure action.

**Election Date Is Set**  
Date of the annexation election in  
territory between this city and Bur-  
bank was fixed by the council last  
night as November 22. The city  
clerk stated there are sixty-six reg-  
istered voters in the district, eighteen  
of whom are on the petition.

**One Dollar a Year Man**  
Capt. W. A. Loving of the police  
department was made a dollar a year  
man by the council last night in pas-  
sing the salary ordinance changes.  
He gets the dollar for acting as drill  
master for the policemen. He is an  
experienced army man and City  
Manager Reeves said the city is for-  
tunate in having him in the depart-  
ment. Captain Loving has also of-  
fered the city the use of his high-  
powered car when necessary to chase  
bandits.

## Today's World News In Brief

(By International News Service to Glendale Evening News)

(Continued From Page 1)  
his plea to the manslaughter charge. McNab refused to discuss the  
conference further than to say that he had asked Arbuckle to call  
in order to secure from him some information regarding the case  
and that his decision with reference to taking the case would be  
made within a few days.

## HEAD OF K. K. K. ILL AND UNABLE TO GIVE TESTIMONY

WASHINGTON, Oct. 14.—Colonel William Joseph Simmons,  
imperial wizard of the Ku Klux Klan, was ill today and unable to  
appear before the house rules committee to undergo cross exami-  
nation concerning his organization. The hearing by the rules com-  
mittee came to a halt as there were no other witnesses to testify.  
Chairman Campbell announced that the hearings will not close, how-  
ever, until Simmons appears for cross examination. Dr. Walter J.  
Manning, Simmons' physician, informed Chairman Campbell that the  
imperial wizard was too ill to appear today, as he is suffering from  
bronchitis with pneumonia threatening.

## INHIBITION AGAINST RAILWAY PEACE WORK REMOVED

CHICAGO, Oct. 14.—The inhibition against piece work in rail-  
way shops was removed by the United States railway labor board  
today and the question of the inauguration of the piece work plan  
by the various roads referred to conferences between the roads and  
their employees. Eight hours was officially declared a day's work  
in a supplemental set of working rules promulgated by the board  
today. Seventeen new working rules were set up by the board and  
their promulgation will necessitate a new strike vote by the fed-  
erated shop crafts as their action on a strike was deferred until the  
board had completed its draft of working regulations. The rule  
announced today virtually complete the code established by the board.

## THREATS OF RAILROAD STRIKE STEADILY INCREASING

CHICAGO, Oct. 14.—Strike clouds of increasing menace be-  
clouded the railroad horizon here today as executives of railroads  
of the nation assembled to discuss the situation. Every indication  
pointed to an unyielding attitude on the part of both the roads and  
their employees and eventual action by the federal government to  
adjust the dispute was foreseen by many observers. The heads of  
the various railway unions at a series of conferences here during the  
past week, have drawn careful plans for a strike, and according to  
apparently authentic reports, have fixed October 30 as the date for  
the walkout. No official announcement of this date, however, has  
been made. Executives of the leading railroads of the country, on  
the other hand, are said to have prepared a revised scale of freight  
and passenger tariffs that will reduce the cost of transportation, the  
reductions being predicted solely upon further contemplated cuts in  
the wages of employees. This new scale of rates, it is expected, will  
be presented and probably adopted at the meeting of executives  
which opened here today. It is expected that the railway unions will  
present to the gathering of the Association of American Railway  
Executives an ultimatum of a strike against wage reductions ordered  
by the United States railway labor board last July. It is certain that  
the unions will vigorously oppose any additional wage cuts. The  
memberships of the "big four" brotherhoods and of the federated  
shop crafts organizations already have voted overwhelmingly in  
favor of a strike.

# Handsome Doll To Be Given Away

Saturday, Oct. 15, at 9 p. m.

To one of the children registering at  
Sherrod's Specialty Shop during

Manufacturer's Exposition  
of

Buttercup Frocks and Romperalls  
for Children

Friday and Saturday, Oct. 14-15

This display will include several hundred children's dresses,  
in all sizes from 2 to 10 years, and will be the most complete  
showing of children's wear ever held in Glendale.

On Friday, a special demonstration will be given of children's  
togs, in sizes from 2 to 6 years.

These dresses will be shown on one of California's most  
famous child movie stars, and this event should be attended  
by every mother in Glendale and vicinity.

**Sherrod's Specialty Shop**

Glendale, Cal.

## BIRTH CONTROL MAY BE DISCUSSED AT ARMS MEETING

Subject Has Important Part  
in World's Future Peace,  
Is Claimed By Women

By MILDRED MORRIS

Written for International News Service

NEW YORK, Oct. 14.—Birth control may be one of the questions considered by the president's armament conference as bearing an important relation to the world's future peace.

The parity will be asked to include limitation of birth rate by the leading nations of the world, along with limitation of armaments in any program that may be drafted.

A pledge from each nation participating to restrict its birth rate as a necessary step to avoid future wars will be urged by world famous men and women who meet here November 11 in the first American conference on birth control ever held, according to announcement today.

Women in the United States and throughout the world will be urged to declare a virtual birth strike to conserve the world's food supply and limit populations until there is world wide economic readjustment.

Prominent in Conference

Maj. Gen. John O'Ryan, commander of the famous Twenty-seventh division in the world war; Mrs. Thos. Lamont, wife of the well known financier; Thomas L. Chadbourne, millionaire steel man and chairman of the public committee in President Wilson's first industrial conference; Mrs. Willard Straight, daughter of the late William C. Whitney, former secretary of the navy, and Prof. Irving Fisher of Yale, are among those who will prominently figure in this birth control conference, which will be held at the same time as the president's armament parity to stress over-population as one of the chief factors in causing war.

Winston Churchill, the writer; Rabbi Rudolph L. Coffee of Toledo; Dr. I. Emmett Holt, the famous child specialist; Prof. J. H. Field of the University of Chicago, are among the members of the committee in charge of the conference.

Each state will send delegates and many of the public health officials of the country have accepted invitations to attend and participate in discussion.

## Gabbiest People? They Are In U. S., Claimed

WASHINGTON — The American people are far and away the gabbiest in the world, according to relative use of telephones and increasing their facilities in this regard.

Statistics just submitted to the Interstate Commerce commission, to which the telephone companies must report, show that from July 1, 1920, to July 1, 1921, there was an increase of 562,000 telephones in the United States. The total number is now nearing the ten million point, or one for every eleven persons—men, women and children.

Telephone revenues and telephone earnings are increasing.

## Severe Shock Restores Eyesight to This Boy

PENN YAN, N. Y.—Bernard Flynn, 14, of the Township of Milo, near here, no longer wears eye-glasses. His sight was restored by a severe shock from lightning. The boy had been forced to wear glasses since he was seven years old. While standing near a wire fence during a severe electrical storm, he was rendered unconscious by a bolt of lightning. The notice in improvement in the boy's eyes came as soon as he regained consciousness.

## Champion Hen Lays 104 Eggs In Just 104 Days

HALIFAX, N. S.—"Lady Lena," a Barred Plymouth Rock hen registered at the Dominion Experimental Farm at Kentville, Nova Scotia, laid 104 eggs in 104 days, and is, the Halifax Morning Chronicle asserts, the champion of the world. During 1920 she laid 246 eggs.

## MINT BUSINESS INCREASES

CORVALLIS, Ore.—The mint industry in Oregon is booming. This refers to the making rather than the coining of money. Adolph Zieffe, director of the Oregon Mint Growers' association, reports that the stand of peppermint and the yield of oil exceeded that of the last five years. Because of this success in peppermint culture a greatly increased acreage is expected next year.

## BUT WILL HARDING EAT IT?

CHICAGO—Violet and Hazel Schroeder think President Harding needs a change of diet. They are going to send a mushroom weighing three pounds and fifteen ounces, grown by their father.

## CRAWLS 7 MILES FOR AID

BOULDER, Colo.—A broken ankle didn't prevent G. W. Stoddard, 67, a miner, from crawling seven miles for help. Stoddard fell down a mine shaft, broke his ankle and climbed a 200-foot ladder.

Whale fat is used on a large scale in Denmark in making oleomargarine.

### Collect Stamps? Here's Special Postal Issue

BUENOS AIRES—With its cus-  
tomary habit of finding a means of  
commemorating every possible occa-  
sion with either a feast day or a  
special issue of postage stamps, the  
government has just ordered a spe-  
cial postal issue in honor of the Pan-  
American postal congress. These  
are not for circulation in Argentina  
alone, but for all of America and  
Spain.

### DIE IN MINING INDUSTRY

In the month of August 141 men  
were killed in accidents in the coal-  
mining industry. The same month in  
1920 203 men were killed. Copper  
mining took a death toll of 128 men  
and injured 12,042, many of the lat-  
ter being left cripples for life. Re-  
ports which the Bureau of Mines re-  
cently made public show that the  
copper mining industry employed  
35,254 men, who worked 11,182,119  
shifts, which is a decrease of 4,073  
men and 674,372 shifts as compared  
with 1919.

### FATHER IN NEED OF HELP

INDIANAPOLIS—"A little help  
would come in handy," wrote J. C.  
Wingard, of Hammond, Ind., in a  
letter to Governor McCray, asking if  
the state gave aid to the parents of  
triplets.

### THIS HORSE HAS PRIVILEGE

NEW YORK—A horse can do  
what he wants to with his own tail,  
ruled Magistrate Corigan, fining  
Marcus Baccarelli \$10 for beating a  
horse's driver. The fight started  
when the horse knocked a cigar from  
Baccarelli's mouth.

### COMPROMISES BY BITING

OMAHA—A highwayman threat-  
ened to bite off the finger of Mrs.  
J. W. Howlett of Boston when her  
ring refused to slip off her finger.  
He compromised by biting the stone out  
of its platinum setting.

### A KING SOLOMON'S WIFE

CHICAGO—"All men are bores—  
especially husbands," Mrs. John Mc-  
Cain told the court when she was  
fined \$10 for being in company with  
a man other than her husband.

## NEW DRUG STORE ON E. BROADWAY WILL OPEN SATURDAY

George A. Whitaker, Resident  
Here for Six Years, to  
Establish Business

George A. Whitaker, a resident of  
Glendale for the past six years, will  
open a modern and well equipped  
drug store Saturday, October 15, to  
be called "The Broadway Pharmacy,"  
400 East Broadway, at the corner of  
Kenwood street.

Mr. Whitaker first started in the  
drug business thirty years ago in  
Worcester, Mass. He came to Cali-  
fornia in 1904 and was in the retail  
drug business until 1915 when he  
accepted a position as traveling sales-  
man for John Wyeth & Brothers, of  
Philadelphia. He resigned this po-  
sition in order to go into business  
for himself here. He is a member  
of the Chamber of Commerce, and is  
a loyal booster for Glendale. He has  
been a resident of 518 Alexander  
street, but is planning on moving to  
South Louise court.

### Wife to Be Assistant

With Mr. Whitaker in business  
will be associated his wife who is  
well known in Glendale, due to her  
various activities in Glendale mat-  
ters, especially her work in the Red  
Cross.

The store will carry a full line of  
drugs, patent medicines, sundries,  
candies and cigars, and will serve  
luncheon. The interior of the store,  
which has been undergoing much re-  
modeling lately, will present a very  
attractive appearance, the soda foun-  
tain being designed by Mr. and Mrs.  
Whitaker.

The store fixtures are finished in  
French gray. The tables and chairs  
for serving refreshments are espe-  
cially designed, the tables having  
plate glass sanitary tops, and the  
chairs upholstered in blue grain  
leather, carrying out the general  
idea of French gray finish.

The new drug store will be ready  
for business tomorrow, and Mr.  
Whitaker invites the public to attend  
the formal opening. The new enter-  
prise on East Broadway will no doubt  
be accorded a liberal patronage and  
Mr. and Mrs. Whitaker are receiving  
many best wishes from their friends  
for success in their new venture.

### Local Football Lads Being Drilled Hard for Covina Contest

In order to have his charges in the  
best possible shape for this after-  
noon's encounter with Covina, Coach  
Hayhurst of the Glendale high school  
football team yesterday sent them  
through one of the stiffest workouts  
of the season, with signal practice  
as the principal rehearsal act. As all  
classes were dismissed for the day,  
in order that the faculty might hold  
its annual Teachers' Institute day,  
the twenty odd buckers, passers,  
kickers, et al., were ordered to don  
their sweat laden mole skins and ap-  
pear on the field at 9 o'clock.

The novelty of the early morning  
practice proved thoroughly bene-  
ficial for the huskies, who ap-  
peared more formidable than at any  
time this fall. Besides the running  
through of the signals, which took  
place most of the period, the players  
were thoroughly drilled in the more  
delicate arts of heaving and receiving,  
forward passes, punting, place kick-  
ing and various other departments of  
the more or less intricate game of  
football.

While the first team was working  
out at one end of the field Coach  
Howard Butterfield and his 130-  
pound pinkie performers were hav-  
ing troubles of their own at the other  
extremity of the gridiron. Following  
their close contest of Wednesday,  
when they narrowly escaped defeat  
by beating the Covina lightweights  
by a score of 14 to 13, the boys are  
taking things more seriously and are  
determined to win the Midget pen-  
nant of the Central league.

Today's game with Covina, which  
will be the second league contest of  
the year for the "varsity" squad, will  
be played on the local lot, the open-  
ing kick-off to take place at 3:30  
o'clock. Two probable shifts in the  
Glendale lineup will be Horri, who  
has been one of the stars of the  
lightweight team, at left end and  
William "Bill" Gibson, husky line  
substitute, at left tackle. Horri will  
take Goss' place, while Gibson will  
attempt to fill the shoes of Eiffler,  
injured his side in last week's Al-  
hambra game.

### Lefty Herman Playing In Winter Baseball

Floyd "Lefty" Herman, Glendale  
baseball phenom, who made such a  
name for himself in his professional  
debut last spring, is keeping in train-  
ing during the off season by work-  
ing out daily at the Winter league  
ball park in Los Angeles. This week  
he has been practicing with the in-  
fields of Roger Hornsby's Los An-  
geles club.

### TO HAVE CHARGE IN L. A.

Appointment of H. D. Hicker of  
San Francisco as assistant state su-  
pervisor of rehabilitation of injured  
persons has been announced by Dr.  
Edwin R. Snyder, state commissioner  
of vocational education. Hicker,  
who is also employed by the federal  
government in re-educating injured  
war veterans, will have charge of the  
Los Angeles office.

### JELLEY HAS A HARD TASK

MINNEAPOLIS—Judge C. S. Jel-  
ley is called upon to settle the ques-  
tion whether a woman, now that she  
has equal rights, should pay all-  
mony.

## TROJAN SQUAD HAS GOOD CHANCE FOR PERFECT SEASON

First Eleven Wins Easily In  
Saturday's Game; Second  
Whitewashes Arizona

The University of Southern Cali-  
fornia's double-jointed victory over  
two navy elevens at Bovard Field,  
while not an important happening,  
was a cause of considerable satisfac-  
tion to Trojan backers last Satur-  
day. The first eleven walloped the  
U. S. S. New York by a count of 35  
to 0 and the second team white-  
washed the U. S. S. Arizona 62 to 0.

The University of Southern Cali-  
fornia has a good team this year, in-  
fact, one of the best in many years,  
and plays a hard, clean game. For  
an early season affair U. S. C. played  
one of the best games that has ever  
been staged at such a date. The  
field, slippery and treacherous from  
the previous night's rain, handi-  
capped the players but little. Bob-  
bles and miscues in handling the  
damp leather were few. The attack  
was well executed, plays were run  
off smoothly and the defense was of  
the mid-season type.

### Look Good Under Fire

Coach Henderson's two backfield  
formations both looked good under  
fire, though it is hard to say at this  
date who the two men are who will  
draw the distinction of working with  
Captain Charlie Dean and John Lead-  
ingham in the first big game.

Against the Arizona team Hender-  
son used Galloway, Tiernan, Dolley  
and Kincaid. In the New York  
game Dean, Leadingham, Campbell  
and Lockett were started.

The games were sandwiched, the  
second team playing two quarters  
against the Arizonans, and then the  
first eleven taking the field with the  
New Yorkers for two periods, and  
so on to the end.

Tiernan showed up the flashiest,  
and looks like one of the best half-  
backs in the south this year. He is  
fast, follows his interference splen-  
dently and keeps his feet in fine fash-  
ion. He scored four touchdowns  
against the Arizona team, and was on  
the sending end of two beautiful  
forward passes to Leadingham in  
the second half of the New York  
game that resulted in two touch-  
downs.

### Plenty of Material

University of Southern California  
will be up in the front rank this year  
because it is on the cards. Hender-  
son has many high class players, and  
if the luck breaks right should go  
through the season without a defeat.  
The forward wall with Calland, cen-  
ter, Hoster and Lindley, or Ax-  
guards, Evans and Boyle, tackles,  
and Smith and Greene, ends, shows  
wonderful promise. Calland at cen-  
ter is one of the best on the coast and  
Evans and Boyle at tackles have few  
equals.

As for the backfield with Dean,  
Lockett, Leadingham, Campbell,  
Tiernan, Dolley, Galloway, Kincaid,  
Hunter and Leahy to draw upon  
Henderson seems to be unusually  
well fortified.

It is no wonder that U. S. C. sees  
wonderful possibilities in obtaining  
victory over California at Berkeley  
on November 5, and that the Tro-  
jans have chartered the steamer Yale  
to carry them north to witness what  
holds promise of being one of the  
greatest battles on record.

While Coach Henderson is point-  
ing his team to the California game  
he is overlooking no bets and will  
have his boys in shape to drub the  
Caltek aggregation in a skirmish at  
Bovard Field next Saturday after-  
noon.

### Muleshoe Is With Us Disguised as 'Cider'

LOS ANGELES, Oct. 14.—An in-  
vestigation by police officers has re-  
vealed the existence of a new drink  
in this vicinity—a drink with such a  
terrible "kick," and more terrible  
effects, that it has been given the  
name of "Muleshoe."

For several weeks men have been  
picked up in the old saloon district  
suffering with distress. At the Re-  
ceiving Hospital they were treated  
for alcoholic poisoning, swollen  
throats and in a few cases blindness.  
All of the men treated declared they  
had drunk nothing but what they be-  
lieved was sweet cider.

The police investigators found cer-  
tain soft drink vendors have been  
buying in considerable quantities a  
heating substance containing wood  
alcohol, grease and an unknown  
chemical to keep it from burning too  
rapidly. The substance was designed  
to heat chafing dishes, but the un-  
scrupulous cider men have been mix-  
ing it, the police say, with the cider.

"I thought I had swallowed liquid  
fire," said one poor fellow after the  
doctors had worked with him sev-  
eral hours and brought him past the  
danger zone.

The police believe they have a line  
on all of the vendors who used  
"Muleshoe" and expect to prevent its  
use in the future.

### SUPPOSE HE HAD A BOTTLE?

DENVER—Patrolman Ripberger  
playfully tapped Patrolman Trem-  
berth on the hip. Bang! Tremberth  
looked at his scorched trousers and a  
hole in the pavement. The tap had  
discharged his automatic.

## PITTSBURGH'S STARS WHO HELP PEP UP CINCINNATI GRID GAME

Herb Stein, End. Tom Davies, Captain, Halfback. Tom Holleran, Quarterback.

Written for International News Service  
PITTSBURGH, Oct. 14.—Here's the dope on four players of the University of Pittsburgh who will help pep up play in tomorrow's game with Cincinnati:

**TOM HOLLERAN** is a Pittsburgh boy and one of the greatest quarterbacks the university ever had. He is playing his second year on the varsity. Holleran weighs about 170 pounds and is known as a fighting bearcat.

**TOM DAVIES** was picked by almost all the critics last year for All-American halfback, his work being sensational. He is one of the fastest

men in football togs in the country, and although he only weighs 155 pounds, he is good for a gain almost every time he carries the ball.

**HERB STEIN** was captain of the Pitt team last year and was chosen by Walter Camp as All-American center. He has been shifted to end this year by Coach Warner and is playing a wonderful game.

**HARVEY HARMAN**, varsity tackle, is a Pittsburgh high school boy. He weighs almost 200 pounds and is playing his last year on the Pitt varsity. Harman has been a strong man in the Pitt line for three years.

## SPORTS CHATTER

By BILL UNMACK  
PACIFIC SPORTS SERVICE

Scattered all over the country there are many great football coaches, and the surprising part of their ability is that many of them did not attain any great prominence as players. In other words, it does not follow that a great player makes a great coach. The man who knows the fundamentals of the game and is gifted with that knack of being able to impart knowledge to others makes the truly great coach.

There are, of course, great coaches who were in their day nationally famous as players. Andy Smith, present coach at the University of California, is an example of this, as in his day at Pennsylvania he was known throughout the country. Huntington, of Oregon, is another coach who, as a player with Oregon, was known to football followers all along this coast and there are other such examples.

The successful coach must be a good judge of men and human nature. He must discover quickly the best ways to get results from his squad. Football players are temperamental and for that matter many coaches are "prima donnas." Some players must be driven, some coaxed. The coach must know his men and which of these two systems to use. The physical condition of the man must be watched and while this is primarily a matter for trainers yet the coach must know their condition though the clever, diplomatic coach will be guided greatly in this by the suggestions of the trainer.

There are several outstanding examples of the expert coach who was only a mediocre player. Take Glenn Warner of Pittsburgh, for instance. Warner played guard on the Cornell team, but never set the foot-

ball world in delirium by his work yet today he is recognized as one of the best coaches in the business. Warner gained national reputation by his work coaching the Carlisle Indians. The Indians in those days were a team to be feared and their name was on the lips of every football follower the country over. Warner today is justly credited as being one of the greatest strategists coaching in the country.

Another good example of the mediocre player being a great coach is Bob Zuppke, coach of the University of Illinois. He did not even win his letter, never having made his team but was substitute of the Wisconsin eleven. Zuppke is an outstanding example of the man who studies and absorbs the teachings of others. Later he proved his ability to impart the knowledge he himself had gained and, what is to even greater advantage, he showed the ability to enlarge on the ideas of others and work out a system of his own. The rise of Zuppke is somewhat similar to that of Enoch Bagshaw now with the University of Washington. Zuppke gained fame as the coach of a high school team in Chicago, Oak Park, while Bagshaw is credited with one of the greatest series of high school championships that Everett, Wash., high school has known. Bagshaw has yet to prove himself as a college coach, but there is no reason, if given time, that he will not show the same ability that made him famous as a scholastic coach.

Another famous coach is Fielding Yost of Michigan. He was not considered a great player, but his record as a coach speaks for itself. There are a hundred others that could be mentioned.

## The WORLD OVER

By FRANKLIN B. MORSE  
PACIFIC SPORTS SERVICE

One of the greatest provisions with which nature provides us is the inability of our present day champions in the various lines of sport to meet up with those of twenty or more years ago. Jack Dempsey never will be seen in action against Jim Corbett, Jim Jeffries, Tom Sharkey and the like. Bill Tilden never will oppose Bob Sears, Bill Larned and other tennis stars of a by-gone time. And so it goes down the line.

Just consider for a moment what it would mean if it were possible for present day champions to be matched against the oldtimers. Where in the world would fans get their perennial fodder for discussing pro and con the merits of the men of the past and the present and comparing their relative merits. Consider the poor sports writer. Where would he get his material for the columns he now is able to turn out theorizing along a perfectly safe road, for who can contradict him, whatever he may say as to the merits of one champion against another.

It is, indeed, not only a difficult matter, but practically an impossible subject at which to arrive at a definite conclusion in the case of boxers and tennis players. There is

no basis on which one may work by way of comparison. It is all a matter of individual opinion, and there may be as many opinions as there are minds trying to work out the problem.

However, when it comes to the case of a broad jumper, a sprinter, a long-distance runner, and the like, there is an exact and mathematical basis from which computations of relative merits may be made. Here is where actual records come in for comparison. The time in which one man runs a distance is set alongside of the other. The distance a man jumps simply tells the story, as against what another jumper may do.

And yet, there are many who will not be satisfied to rest their case on actual figures of accomplishment. There are many who contend that the track athletes of a quarter of a century ago never had the advantages which our present day athletes enjoy. Mechanical devices have been invented or perfected which, they say, give the present day athlete a very considerable advantage.

The art of track building has progressed to a wonderful extent. Scientific methods are now employed by

## Tiger Mascot Causes Lots of Excitement at U. of S. C. Rally

The Oxy stuffed Tiger mascot, which was stolen about two years ago and over which many valiant fraternity battles have been waged, showed up yesterday morning at the University of Southern California during a football rally in anticipation of the Oxy-U. S. C. game tomorrow, according to Kenneth Crist, student at U. S. C., who says that the "fellows hollered until they nearly raised the roof when they saw it."

"We still have that Tiger and we intend to keep it, too," he declared. "We expect to pull the score up to 45 at least. Why, we beat the Cal-Tech 70 to 0. We will be hot after them over at Patterson Field, where the game is to be played Saturday."

The football classic of this west is coming on November 5 when the Trojans play the Bears at Berkeley. The steamship, Yale, has been chartered for the trip. It will be decorated with our colors, cardinal and gold. The band will go along and there will be some time. It is expected that 500 or 700 rooters will make the excursion.

Kenneth Crist is a son of Dr. C. M. Crist, pastor of the First Methodist church here.

## CHANGES IN FOOD PRICES

The U. S. Department of Labor has completed the compilations showing changes in the retail cost of food in September, in 10 principal cities of the United States. During the month from August 15 to September 15, 1921, there was a slight decrease in all but one of these cities. For the year period, September 15, 1920, to September 15, 1921, there was a decrease of 27 per cent in Butte; 26 per cent in Baltimore; 25 per cent in Chicago, Manchester and Peoria; 23 per cent in Bridgeport, New York and Providence; 22 per cent in Richmond, and 21 per cent in Washington, D. C.

Gold dust in such quantity as to make the eyes of old miners bulge with wonder was taken out of the earth by well diggers working on a farm near Portland, Oregon, recently.

which the best compositions go into the making of a track which gives it a certain spring together with firmness, angles and dips accurately are estimated, all of which go to make what is known today as the "fast" track.

Again, methods of training today have the advantage of a quarter century of study and many changes have been made in the system. In fact, you will find that many will say that in the old days there was no such thing as a real system and that athletes largely relied on their own particular personal methods of fitting themselves. Now high-priced experts in the matter of handling athletes are employed by every large university and athletic club.

Even in swimming, the crawl or trudgeon strokes are developments of the present day and practically unknown to swimmers of a quarter of a century ago. You will find many who will aver that had they known this stroke and perfected it as it now is the old timers would not be lagging in the matter of time for the various events.

## The Value of a Kodak

By means of a kodak you can have pictures of your most pleasant moments, the indisputable evidence of past events, the incarnation of people and places that should not be forgotten. They recall to mind the happy days of courtship, and constitute a living history of your children's infancy and youth. As such they are invaluable to future generations, and should be carefully preserved.

Our splendid stock of kodaks affords the opportunity for you to choose the model best suited to your needs. We are always glad to thoroughly demonstrate how to properly use a kodak.

To properly keep your pictures you should have an album.

In an album your pictures are arranged according to date, just as they were taken; they are protected from light and handling, and if they have been properly developed and finished they will look as fresh and clear in years to come as though they had been just taken. We have them.

Don't forget we can promptly develop, finish and enlarge your films. Headquarters for films and all kodak supplies.

## RAILROAD INQUIRY WAR IN CHINA IS IS RESUMED BY NOW MENACE TO SENATE BOARD HARDING PLAN

Transportation Puzzle Being Considered at Meeting of Commerce Committee

By H. K. REYNOLDS  
Written for International News Service  
WASHINGTON, D. C., Oct. 14.—Members of the Senate Interstate Commerce committee gathered around a big mahogany table at the capitol today and again prepared to solve America's transportation puzzle.

Having collected more than a thousand printed pages of testimony in an effort to find a remedy for the ills of the steam lines by listening to the diagnoses of the leading executives of the country, the committee picked up the tangled threads of an investigation launched early in May and began the examination of officials and representatives of the railway labor organizations.

Senator Albert B. Cummins (R.) of Iowa, chairman of the committee and one of the framers of the much-discussed Esch-Cummins act, which released the carriers from federal control and returned them to their owners, hopes that the last lap of the inquiry into the troubles of the roads may be completed within a month, but admits that it may take longer.

### Reason for Inquiry

The Interstate Commerce committee was directed, under the Cummins resolution proposing the investigation, to find a means of bringing about a condition that would warrant the Interstate Commerce commission in reducing freight rates and passenger fares. This was the principal reason for the investigation, although the committee was authorized to make a comprehensive study of the conditions of the carriers both during and after the period of federal control.

When the committee suspended its hearings on July 1 only the railroad executives and large owners of railroad securities had been given an opportunity to testify, but it had been generally understood that the inquiry would be resumed at a later date, when the senate investigators would go more fully into the railroad middle by hearing labor's side of the story.

The first witness scheduled to appear before the committee is Frank J. Warne, statistician for the four transportation brotherhoods. Warne will be followed by other representatives of railroad labor, and it is expected that hearings will also be granted to W. S. Stone, Grand Chief Engineer of the Brotherhood of Locomotive Engineers; W. S. Carter, president of the Brotherhood of Locomotive Firemen and Engineers; L. E. Sheppard, president of the Order of Railway Conductors, and W. G. Lee, president of the Brotherhood of Railway Trainmen.

### Plan Is Presented

During the committee's recess a definite plan for the relief of the railroads was presented to congress. This is the administration's proposal authorizing the sale of railroad securities now held by the railroad administration, the money thus made available to be used in funding the indebtedness of the carriers to the United States to the extent of \$500,000,000. A bill for this purpose has already passed the House and is now pending in the Senate. The measure has encountered stiff opposition from railroad labor organizations and from officials who believe that the government should not extend further financial favors to the steam lines.

President Harding insists, however, that this measure—the Winslow-Townsend bill—be passed during the present session of Congress as the only means of pulling the railroads out of a financial bog, and it is likely that the administration's backing will result in favorable action in the near future.

### Propose Law to Save the Chickens; Prairie Kind

REGINA, Sask.—A campaign for a law to prohibit all killing of prairie chickens in Saskatchewan for five years has been launched by the farmers of the province. They declare the birds are worth their weight in gold as destroyers of grasshoppers and other insect pests. The present law that protects prairie chickens provides an open season of two weeks. During this brief period, guns of sportsmen are cracking all over the prairies every day and the destruction is enormous.

### HIS 'HOCH' GETS AWAY

DES MOINES, Ia.—John Mosolemes was offered a ride in the police patrol. He accepted, glorying in what he was getting away with. When he alighted, however, his foot slipped and he dropped his suitcase. Two gallons of hooch escaped but John didn't.

### AUTO GOES THROUGH WALL

DENVER—Police answered a hurried call to Joseph Wilde's home when Wilde telephoned he'd been bombed. The riot squad found a runaway automobile parked across the kitchen range after its entrance through the wall.

### HE DISTURBED HER BATH

NEW YORK—A woman was reported drowning at night off Coney Island. Patrolman Burke threw off his clothes and swam to the rescue. The girl didn't want saving. She was having a quiet bath.

Far East Program Is Upset by Strife; Great Battle Is Being Predicted

By EARL C. REEVES  
Written for International News Service  
LONDON, Oct. 14.—That the great war was ordered by God as a punishment of England for her growing radicalism and for putting a radical government into power is the startling assertion of an eminent scientist, Dr. Albert Churchward.

The charge is an interlude in an otherwise purely scientific book on "The Origin and Evolution of the Human Race."

"To what end did the Divine Creator order this war to be?" Dr. Churchward asks.

"I believe His will is for the continuance of the British race—the highest type of human development at present—and that the war was ordained for the destruction of Socialism, or so-called Democracy, which was beginning to eat the life out of the country, to cause us to suffer so that we should open our eyes, that we might commence again and stamp out this Socialistic vampire."

"The Divine Creator will not allow any thing to exist if it becomes socialistic. For men to preach Socialism under the name of democratic principles, democratic nations, democratic everything is certain to bring that nation to destruction."

### Rock Pile Job Now Prepared for Hoboes

By CHARLES E. HUGHES

Written for International News Service  
LOS ANGELES, Oct. 14.—A great barrier will soon be spread around southern California by public and railroad officials to check the influx of hoboes, box-car itinerants, wanderers with radical inclinations and criminals.

The unusual steps to be taken by the officials will be formulated at an early conference to be called by Chief of Police Charles A. Jones, of Los Angeles.

Representatives of the District Attorney's office, railroad special agents, police and public officials of cities and towns throughout southern California and agents of the government will be requested by Chief Jones to gather and outline a plan to halt a flow of idlers reported en route to this section.

According to Jones, the migration of hoboes and other undesirables has started unusually early, and from reports received by the police executive an unprecedented situation will confront peace officers this fall.

"To check the migration at once and spread word that southern California is a poor place for undesirables to stop for the winter," said Jones, "I shall urge that rock-piles be instituted in every southern California town and city and seek the co-operation of every official to make this section the turning-back point for wanderers."

### American Navy's Plans Will Not Be Halted

WASHINGTON, Oct. 14.—Regardless of the limitation of armament which may be effected by the international conference here next month, the American navy is going ahead with its building operations to round out a well-balanced fleet.

While sympathetic with the aims and purposes of the conference, the navy is counting on chickens before they are hatched, and until the great powers of the world actually agree to limit their war preparations, the American navy is going ahead.

This policy on the part of the administration has been made plain to the money-providing committees of the House and Senate by Secretary of the Navy Denby.

### Jackrabbits Offering New Fangled Disease

WASHINGTON, D. C., Oct. 14.—Ever heard of Tularemia?

No, not a French pastry, but a new disease recently discovered by the United States Public Health Service. It isn't as bad as it sounds, seldom resulting fatally to man. It is a disabling septic fever, and is transmitted to man, according to the Health Service, by a round-about manner. It originates among jack rabbits and is transmitted to man and other rabbits by a blood-sucking horsefly, which obtains it by biting the rabbit and passes it on by biting the man or another rabbit.

Seasoning doubles the strength of green wood.

## PAUPER'S EX-WIFE RESCUES BODY FROM STUDENTS

Romance of Mining Days  
Denver Recalled by a  
Strange Story

By RAY HUMPHREYS  
Special Correspondent of The Glendale Evening News

DENVER, Colo., Oct. 14.—Medical students of the University of Colorado are pestered at Mrs. Sarah Ransom.

Mrs. Ransom, buxom Denver woman, deprived the students of the body of Robert Nelson, 72, Denver pauper. Beefing about it, the medical students talked of the affair, and their chance gossip brought out this:

Nelson, pauper, was once the husband of Mrs. Ransom.

Drink separated the young couple. Fifty years passed, and Nelson passed away on a poor farm. Mrs. Ransom heard of it, sought and obtained the body, and today the remains of Nelson, first husband, repose in a grave in the family plot of Arthur Ransom, second husband, where Ransom's young son is buried.

**Romance of Hills**  
No stranger romance of the mining hills has ever come to light than this—a history of romance, in brief—revealed by the students of a medical school because a corpse had been taken from there.

Fifty years ago, in 1870, on Christmas day, in Denver, Robert Nelson, young miner, led Sarah, the daughter of a pioneer merchant, to the altar. They were both very young. But they were very happy. Denver, squatting out on the plains, offered good opportunities to a good pick and shovel man, and Robert was that. Strong, robust and gay, Nelson was popular.

Then, five years later, along came a sudden increase in saloons. Nelson began to drink. It was all drink after that. The little Nelson home passed out, their savings went, and ten years later, or in 1885, Sarah Nelson obtained a divorce from Robert Nelson. Robert was not in court to contest—he had sunk too far to be redeemed.

**Fate Didn't Write Finis**  
The court issued the decree, and Fate, by all the rules of the game, should have marked "finis" on the romance right there.

But Fate did not. Years passed and Mrs. Nelson finally married Arthur Ransom, 3010 Lafayette street, Denver. She lost all track of her first husband, until, a week ago, she heard that he was at the county poor farm. Going there—

But here is the way Mrs. Ransom puts it:

"I saved poor Robert from the medical school only by chance. A friend told me that he was very ill at the poor farm, and I could not bear to think of him dying friendless. I went out to see him. But I was too late. At the poor farm they told me that Robert Nelson was dead and buried. I asked them where the grave might be. They referred me to the coroner. I talked with Mr. Bostick, the deputy coroner, and he told me the remains had been given to an undertaker. At the mortuary they said, 'Yes, he is buried.'"

**Demands to See Grave**  
"I asked to be shown the grave. They quibbled over this. But I found out the truth—the body had been turned over to the medical school. That horrified me. I cried. But I went on with it. They found that the body had not been used at the school. I demanded it. I got it. And then, after I had an undertaker go for it, I said to my husband, Mr. Ransom:

"Bob is dead," and then I told him what I had done and told him I was worrying now where to bury Mr. Nelson. My husband scarcely hesitated though I knew it was a great sacrifice to him. He looked at me and he said: 'There is the lot beside Joe.' And so we buried Mr. Nelson beside the body of my second husband's son. There isn't one man in a thousand would allow that—but my husband did."

## Sequoia and General Grant Parks Prosper

VISALIA, Oct. 13. — The Sequoia and General Grant national parks, which closed officially October 10 for the season, to open again May 24, 1922, enjoyed the most remarkable season in their history, according to Col. John R. White, superintendent. In point of attendance the combined registration of 59,000 is slightly in excess of that for the Yosemite park two years ago, indicating a rapid growth in popularity of the two parks. Grant park was visited this year by a few more than 30,500 while Sequoia park was visited by 29,000.

## Million and Quarter Loaned Fruit Men

WASHINGTON, Oct. 13. — The war finance corporation has announced the extension of a loan of \$1,250,000 to the California Co-operative Fruit Growers' association, to aid in the marketing of agricultural products. Loans of \$100,000 to livestock interests in Kansas and \$30,000 to agricultural interests in Indiana were also announced.

**IS BOTH BOAT AND BIRD**  
CHICAGO—Federal officers told J. R. Riley that the big flying boat, Santa Maria, was a motorboat when in the water and that he would be fined \$210 for not having a foghorn on it. "That makes an airplane an automobile when it hits the ground," complained Riley.

## Suggestions for Autumn

A Special Purchase

You must really see these new "La Vogue" creations to appreciate the striking and excellent values we are offering in

### Fall Coats

The materials include Velvora, Normandy, Ormand and Bolivia—some fur trimmed and others in plain choker collars. Beautifully tailored, excellent linings and values that are interesting. Priced at

## Anniversary Special

**FIVE** years ago in October the first of the present Rock Bottom Stores was started. The policy of the Rock Bottom Stores of selling groceries on close margins, depending upon volume sales and quick turnover for their profit, has won us the confidence of the thrifty, value-demanding and intelligent buying public of Southern California. To show how the people of Southern California have appreciated the Rock Bottom policies, we are now operating eighty Rock Bottom Stores, all owned and operated by The Federal Grocery Co.

In the five years we have been in existence, we have paid a 50% stock dividend, and have at this time an undivided profit amounting to 25% of our total issued capital stock. We give these figures to show that we have been very successful.

ful, both in commanding the patronage of the public, and in making money on a very close margin of profit, on a quick turnover of sales.

We will within a few weeks offer for sale to the public a small amount of our unsubscribed stock, which we are desirous of placing among our own customers in small lots. Information regarding this will be gladly furnished by our office. We can very readily place our stock in the hands of one or two persons, but we believe that we owe it to our customers and the buying public to allow them to purchase this issue.

**J. A. Daley, President.**  
Wholesale Terminal, Los Angeles, Cal.

# FAR EAST POLICY OF WORLD POWERS ENTANGLED

England, Japan and America  
Have Problem to Settle at  
Armament Confab

By J. E. JONES  
Special Correspondent of The  
Glendale Evening News

WASHINGTON, Oct. 14.—Great  
Britain has the biggest navy in the  
world.

The United States is second, and at  
the rate we are going we will catch  
up with the British navy in a few  
years.

Japan comes next, with a navy a  
little more than half the size of that  
of the United States.

They are the three fighting powers  
of the world, and the only ones to be  
considered. Senators who have de-  
bated the armament question have  
pointed out that the peace of the  
world lies within the keeping of  
these three nations. Stripped of all  
"camouflage" the matter of limita-  
tion of armament is simple enough  
for the understanding of the most  
simple.

The United States has taken the  
lead in two great international move-  
ments for world-peace. The first  
was the League of Nations, and now  
we have the Conference for the Limi-  
tation of Armaments. Japan has re-  
luctantly agreed to participate. Great  
Britain has apparently accepted the  
invitation with avidity. The other  
nations will come—but they do not  
count! Three nations control the  
peace, and therefore the destinies of  
the world.

## Resent Our Land Policy

The United States asserts its un-  
selfishness in a way that is wholly  
satisfying to ourselves; but the  
Japanese point to the Pacific, with  
our great interests which include the  
Philippines and Hawaii. They re-  
sented the California land policy very  
bitterly. In Japan we are regarded  
as a selfish, money-mad people seek-  
ing to run the whole American con-  
tinent with our Monroe doctrine, mak-  
ing Japanese colonization undesir-  
able not only in the United States,  
but in Mexico, Central and South  
America as well. They might forgive  
us all this except for the fact that we  
interfere with them in their own  
"Far East."

Japan has pursued a policy of rap-  
acious seizure of territory for a  
great many years. Following a suc-  
cessful war with Russia the Japan-  
ese have been the pirates and murder-  
ers of Asia. Korea wanted only  
to be let alone to follow its own quiet  
way among nations, but like a pack  
of brigands Japan swooped down  
upon the "Hermit Kingdom" and re-  
duced it to a condition of abject sub-  
jection. China has been forced  
more and more to surrender its  
rights and in the end, unless pro-  
tected by the world, will become like  
Korea—little more than a vassal of  
Japan. Japan has the same greed  
for territory that brought Germany  
to grief, and she is bent on a policy  
of absolute domination of Asia.

## U. S. Challenges Japan

The United States has challenged  
the policy of Japan, and President  
Harding has made it a condition in  
calling the conference in Washington  
that "Far Eastern problems" shall be  
made a part of the "main business,"  
because there is admittedly no ex-  
cuse for the constant building up of  
great armaments except to meet the  
challenge that Japan is throwing at  
the world. It will be remembered  
that when Germany refused to re-  
duce its naval expenditures, the Brit-  
ish served notice that for every keel  
laid down for the German navy that  
Great Britain would lay down two  
keels. And so England "prepared,"  
and the other nations followed her ex-  
ample. "Preparedness" is now de-  
fended in the United States because  
Japan is on the same kind of ramp-  
age that Germany was. Other na-  
tions of the world are also speed-  
ing up with the building of armaments  
because they scent trouble brewing.

The third of the fighting powers  
of the world is even more interesting  
than the other two. Great Britain is  
our "English cousin," its people talk  
our language, we are "knit to them"  
by ties so strong that English-speak-  
ing people the world over wonder  
why we have been so long in getting  
on clumsy terms of intimacy. You  
all know how we "swear by the Eng-  
lish." But it should not be over-

# Clash Is Threatened by European Powers Over Disarmament

LONDON—The approach of the  
date set for the disarmament con-  
ference at Washington finds the Euro-  
pean powers which have been in-  
vited, and others who have not, busy  
today arranging the personnel of  
their delegations and preparing sug-  
gestions for agenda.

In England, the critical Irish situ-  
ation and unemployment are absorb-  
ing the entire time of the Prime Min-  
ister and of members of his cabinet  
who are likely to represent Britain at  
Washington on November 10. "Con-  
versations" are being held, however,  
and the foreign office is co-operating  
with British naval and military ex-  
perts in the preparation of armament  
facts and figures. It is believed  
here that Lloyd George will be un-  
able to go to Washington for the  
start of the conference.

France is rushing its preparations.  
The government is discussing  
agenda. Premier Briand will ask a  
vote of confidence on October 18 for  
his proposed trip to the United  
States. The French delegation has  
been virtually selected, although  
Briand's critics insist that he will  
himself be unable to attend. A po-  
litical crisis here is predicted for  
early November.

## Aid to Finances

Italy is looking forward to the  
Washington conference with gratifi-  
cation, for disarmament by all the  
powers would be particularly pleas-  
ing to the financially "hard up" gov-  
ernment. It is felt here that Italy  
is closely in touch with the views of  
President Harding on disarmament.

Belgium, although not formally  
invited as yet, has chosen a delega-  
tion of five, and is discussing the  
agenda of the conference.

At Geneva, the League of Nations  
assembly regards the Washington  
conference as having put it on the  
shelf, as far as disarmament is con-  
cerned. None of the powers can  
agree to anything the league may  
propose until they find out what is  
to be done at Washington. Despite  
this, some enthusiasts are going  
ahead with the league's plans.

The chief dispute at the con-  
ference, as far as Europe is concerned,  
promises to be between advocates of  
land armaments on the one hand and  
naval power on the other. France  
and Britain seem certain to come to  
grips over this question, France in-  
sisting she needs a large standing  
army, and England being unwilling  
to relinquish the freedom of the seas  
as maintained by the British navy.

looked that Great Britain is on ex-  
cellent terms, also, with Japan. In  
fact, there is an Anglo-Japanese Al-  
liance, which has heretofore de-  
fended Japanese and British inter-  
ests in China, and it has operated  
against Russia and Germany. But  
for this alliance the United States  
would have been able to offer pro-  
tection to China and Korea to a  
greater degree than it has attempted.  
Japan and Great Britain have been  
moving towards the renewal of this  
alliance, and the United States is pro-  
testing with all its force. The bat-  
tle-royal of the coming conference  
will settle about the ring in which  
this question is fought out. The  
United States proposes to find out  
definitely how Great Britain expects  
to remain the friend of the United  
States if she renews this Anglo-Jap-  
anese Alliance. On the other hand  
the Japanese will likely want to  
know how the British can remain  
friends with Japan if they renounce  
the alliance. Britain will be con-  
fronted with the problem of explain-  
ing how it carries water on both  
shoulders and never spills a drop.

## What Is Britain's Game?

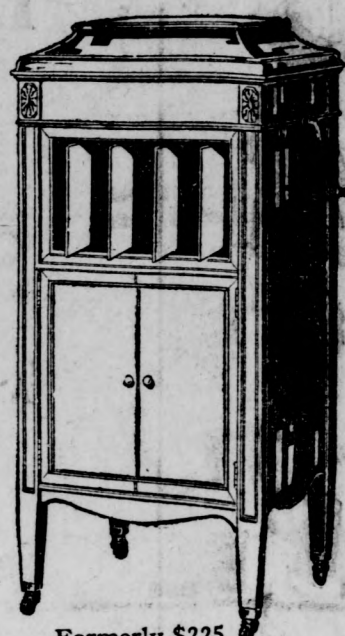

Admittedly the British are the  
best diplomats in the world. Their  
ancient history shows that they have  
been accustomed to maneuver their  
rivals into a clash and to come out  
themselves the better for the dis-  
agreement. It is quite impossible  
to believe the British are trying to  
get Japan and the United States into  
a struggle in order that one or the  
other may be destroyed. But Britain  
has been helping the Japanese in  
their Far Eastern program, if only  
by keeping out interference. Japan  
has played the game equally well in  
aiding the British interests. Who,  
then, will Great Britain favor when  
it comes to a show-down between the  
United States and Japan?

The United States doesn't want the  
show-down to take the form of ac-  
tual warfare, and so the conference  
has been called. After there was  
nothing else that she could do, the  
Japanese consented to come to Wash-  
ington. It must have been clear to  
them that Great Britain and all the  
other nations would insist on their  
participation in this international  
event. But in coming Japan is let-  
ting it be known that in the future  
as in the past they will insist on find-  
ing an outlet for her increasing popu-  
lation. The Japanese government  
will emphasize the urgency of ex-  
tending economic opportunities for  
the welfare of the increasing mil-  
lions of Japanese. This sounds a  
good deal like Germany's demand  
for "a place in the sun." Japan evi-  
dently hopes to win the support of  
the nations toward her policy of ex-  
pansion.

## Five Days' Free Trial of any Columbia Grafonola with any 12 Columbia Records

We know that the Columbia Grafonola at today's  
prices is the biggest musical value ever known.

So we make this offer:

We'll put in your home for five days' free trial any  
standard model Columbia Grafonola with any 12  
Columbia Records.

Twelve records will give you twenty-four different  
selections and you can make a real test of the joy and  
happiness Columbia music brings to your home.

Then, if you are satisfied, you can pay for the  
Grafonola and records on very easy monthly terms.

No charge will be made for the five days' trial.

If you are not satisfied, we will take back the  
Grafonola and records without any charge to you  
or any obligation on your part.

Could any offer be fairer? You need not pay one  
cent until you satisfy yourself beyond all doubt by a  
five days' trial that the Columbia Grafonola is the  
phonograph you want.

We know that the Columbia Grafonola with its  
handsome design and glorious richness of tone can be  
depended upon to speak for itself in your home.

Compare the modern Grafonola at today's prices  
with any other phonograph—we'll leave the rest to you.

It is literally true that you can get today an up-to-  
date Columbia Grafonola with its many modern  
improvements for less money than you would pay  
for an old-fashioned unimproved phonograph.

When you pay your good money for a phonograph,  
get a modern instrument—the Columbia Grafonola.

This offer, limited to present supply, is good on any Grafonola priced  
\$30, \$45, \$60, \$85, \$100, \$125, \$140, \$150, \$175

## Meat In Australia Is Sold Cheap; Court Acts

SYDNEY—Meat may be high  
elsewhere in the world, it is not in  
Australia. Imagine fillet de mignon  
steak at 22 cents a pound retail—ac-  
cording to the price fixed by the  
Profiteering Prevention Court—  
rump steak at 20 cents, sirloin at 18  
cents, short loin chops at 16 cents,  
leg of mutton at 13 cents and should-  
ers at 11 cents. This does not take  
into consideration the depreciation  
in exchange. If that is done, these  
prices must be reduced by about 15  
to 18 per cent.

## Build Architecturally Correct

Don't you always notice that it is the well designed homes that "stand out?" What a difference it would make if all homes were properly designed!

It doesn't make any difference about the size. It is just as easy to make a small home beautiful and convenient as it is a large one. The original design is the whole thing.

You MAY get an architecturally correct, well balanced, conveniently arranged home without a good architectural plan. You are SURE of it when you use the services of this company.

There is no longer an excuse for building an ordinary home. This company has made it possible for you to obtain architectural plans for any kind of a structure that you may wish to build.

A real home costs no more than an ordinary house. Come in and get the details.

## OFFER PRIZES FOR BEST SLOGAN ON STEAMER LINE

Forty-four Awards to Be Made  
In Contest, Open to All;  
Details Are Announced

Prizes aggregating \$500 in gold are being offered by the Los Angeles Steamship company for the best slogan or name for the Yale and Harvard line, sailing between San Francisco and Los Angeles. The fact that the capital prize is \$100 with forty-three other cash prizes and that the contest is open to everyone makes it certain that competition will be keen. Officers of the company anticipate widespread interest because of the well-known and unusual history of the two vessels.

The second prize in the contest is \$75; the third, \$50, and the fourth, \$25. Then follow four groups of ten prizes each, the first group winning \$10 each, the second \$7.50, the third \$5 each and the fourth \$2.50 each. "We want a little group of words that will tell the essence of the story of the 'Yale' and 'Harvard,' said an official of the Los Angeles Steamship company, in explaining the terms of the contest. "These ships are unique in several respects. They saw war service and were cited as honor ships and authorized to carry gold chevrons on their smoke stacks for the record they made in carrying troops across the English channel. Upon their return more than \$2,000,000 was spent in refitting them with all the luxuries, comforts and artistry of the finest hotels. They are likewise distinguished by the speed with which they make the trip between San Francisco and Los Angeles, their schedule being eighteen hours from port to port.

### Both Ease and Brevity

"Those are the facts we want to get expressed or implied in the slogan. We want them said with the ease and brevity that characterizes such famous slogans as: 'The Gray Goose Line,' 'The White Swans of the Great Lakes,' 'Hammer the Hammer,' 'His Master's Voice,' 'Hasn't Scratched Yet,' 'The Sun's Only Rival,' 'Eventually, Why Not Now,' etc. "The contest opens October 8 and continues until November 8. Contestants are to put their suggestions in a sealed envelope, address it to the Los Angeles Steamship company—Slogan Contest—and mail it to the Los Angeles Steamship company's ticket office at 517 South Spring street, Los Angeles, Calif., or deposit it at the purser's office on either the 'Yale' or 'Harvard.' The fact that \$500 is being offered in prizes certainly assures that thousands of suggestions will be submitted and the company will secure a slogan well adapted to its purpose.

"A new sailing schedule for the 'Yale' and 'Harvard' has just recently been put into effect. This schedule calls for sailings every Tuesday, Wednesday, Friday and Saturday afternoon from both Los Angeles and San Francisco.

### Growing in Popularity

"Our boats are becoming more and more popular with travelers between Los Angeles and San Francisco, and we feel that the new schedule will make them still more advantageous. "The patronage has increased enough to convince the company that with the 'Yale' and 'Harvard' giving real ocean liner service we are going to be called upon to handle a much heavier business than heretofore. We are endeavoring to make the operation of the two ships as nearly perfect as possible. We feel that the new schedule with its Saturday afternoon sailing out of Los Angeles and San Francisco and arriving at the destination Sunday morning will be extremely popular with the public. The ships will leave Los Angeles Harbor at 3 p. m. and San Francisco at 4 p. m. on sailing days."

## Statesmen Chosen for Armament Conference

WASHINGTON, Oct. 13. — One month from yesterday the principal statesmen of the world gather in Washington to discuss limiting armament and the removal of friction in the Pacific and Far East that might lead to future wars. With the conference but four weeks away, a canvass of the situation has disclosed that with the exception of Great Britain, all the principal powers have settled upon men who will be entrusted with their countries' interests in Washington next month.

From official and unofficial announcements, it appeared today that the conference proper will consist of twenty-two delegates, representing the five great nations, as follows: United States—Secretary of State Hughes, Elihu Root, Senator Henry Cabot Lodge, Senator Oscar W. Underwood (official).

Japan—Prince Tokugawa, Vice-Admiral Kato, Baron Shidehara (official).

Italy—Senator Carlo Shanger, Senator Filippo Meda, Senator Luigi Albertini, Ambassador Ricci (official).

France—Premier Briand, M. Berthelot, M. Sarraute, Rene Viviani, Ambassador Jusserand (unofficial).

Great Britain—Six to be selected. Probably will include A. J. Balfour, Sir Robert Borden (Canada), and Senator George F. Pearce (Australia).

The all-important American advisory commission of twelve members, which will include technical, financial and business experts, is still in process of being selected, it was stated. An announcement of the personnel is expected at any time.

## Mile of Film Shows Big Battle of Jutland

LONDON—The film version of the battle of Jutland, in which the British grand fleet for the first time succeeded in engaging the German grand fleet, and which resulted in the return of the Germans to their stronghold, is now being shown in London.

One mile of film is used in showing the battle, and the miniature ships are maneuvered with such smoothness and such realistic effect that the picture goes far toward giving the illusion that one is seeing the battle from high overhead.

The withering gunfire, the paths of torpedoes swishing through the water, the rapid wheeling of a column of ships to escape the torpedoes, maneuvers to gain position and races to head off a column of ships, together with rearguard action to defend the escaping German main fleet, all interspersed with occasional pictures of actual ships at sea, give a highly realistic effect.

The film has been made with the aid of Major-General Sir George Ashton, formerly a professor at the Royal Naval college, Greenwich, England. The model ships were moved throughout by hand, and to move each one an inch and maintain the illusion and the smoothness of the film, it was necessary to move each sixteen times. It is estimated that 3,000,000 motions of the models had to be made. To prepare the data required two years, and to make the film, one year.

## VARIED COLLECTION OF BOOKS OUT AT LOCAL LIBRARY

Latest Fiction and Number of  
Instructive Volumes Are  
Placed Upon Shelves

Books released during the past week at the Glendale Public Library on Harvard street include the following volumes:

"King Solomon's Mines," by H. Rider Haggard.

"Four Years in the White North," by Donald E. MacMillan. The thrills, privations, hardships and wonderful discoveries of the Crocker land expedition during four years of exploration in northern Greenland are told in this book.

"Casuals of the Sea," by William McFee.  
"Men, Women and Manners in Colonial Times," by S. G. Fisher, in two volumes.

"Problems of a New World," by Hobson.

"Far Away and Long Ago," by W. H. Hudson. A history of his early life.

Studies of French Poets

"Six French Poets," a study in contemporary literature, by Amy Lowell. A brilliant series of studies of Emile Verhaeren, Albert Samain, Remy de Gourmont, Henry de Regnier, Francis Jammes and Paul Fort.

"Famous Painters of America," by J. Walker McSpadden.

"Six Lectures on Architecture," by R. A. Cram. Thomas Hastings and Claude Bragdon.

"Your United States," by Arnold Bennett.

"The Story of Damon and Pythias," by Albert Payson Terhune.

"The Adventures of Francois," by S. Weir Mitchell. A dramatic and picturesque story of the French revolution.

"The Spell of the Rockies," by Enos A. Mills.

"Buried Alive," by Arnold Bennett. A story of mystery.

"Every Man for Himself," by Norman Duncan.

"Calumet K," by Merwin and Webster.

"Allan Quatermain," by H. Rider Haggard.

## Folsom Prisoners Mostly Repeaters

SACRAMENTO, Oct. 14.—Of 900 prisoners now in Folsom prison, 753 are "repeaters" or second offenders, according to the 1920-21 fiscal report of Warden J. J. Smith submitted to the State Board of Control.

"First timers," unfamiliar with prison life and the risks accompanying prison breaks, are much more liable to make a dash for liberty than the "repeaters," the report shows.

Escaped convicts and parole violators from Folsom prison now at large total 280. Only 26 of these actually broke prison, the others being parole violators. The percentage of escapes is not high, as these figures would seem to indicate, for the report includes all convicts who have escaped since the institution was founded and have not been recaptured.

Eight hundred of the nine hundred convicts in Folsom are white men. Only five Japanese are in the institution.

## State's Position Upon Jap Question Outlined

SAN FRANCISCO, Oct. 14.—A complete brief outlining California's position as to Japanese immigration and related questions, prepared by V. S. McClatchy for the Japanese Exclusion League of California, has been forwarded to Senator Hiram W. Johnson, head of the California Congressional delegation and Chairman of the Executive Committee of the Southwestern Association of twelve states, which delegations are acting together on the question.

The brief will be presented with the endorsement of these organizations to the secretary of state for his consideration. The contents of the brief will be released for publication after it has reached Secretary Hughes' hands.

In 1822 a vessel was wrecked in the Gulf of Guinea, its cargo consisting of barrels of palm-oil. A year later one of these barrels was washed up at Hammerfest, Norway, having drifted more than 11,000 miles.

## Germany Aroused Over Upper Silesia Verdict

BERLIN, Oct. 14.—All Germany seethed today over the possibility of losing the richest part of Upper Silesia to Poland and already the battle cry has been raised that the loss of the province will create a new Alsace-Lorraine problem.

While the official text of the League of Nations' decision partitioning Upper Silesia has not yet been made public, it is accepted here as a foregone conclusion that Germany will not get what she asked for. The Wirth cabinet faces the most critical period of its existence. It was rumored that the Chancellor already had tendered his resignation to President Ebert, but this was promptly denied. The Reichstag may be called into special session to deal with the situation.

In burning raw bituminous coal we lose every year in this country by-products to a value of more than \$400,000,000. These are chiefly coal tar, ammonium sulphate gas, benzene and toluene.

# LINOLEUM

## The Practical Floor Covering

—People who have used Linoleum realize and recognize it as the most economical and practical Floor Covering they can purchase.

—We not only carry a complete stock of attractive patterns in Linoleums, but we are equipped to

## Lay Linoleums Properly

—Rightly speaking Linoleum is a Floor, not merely a floor covering. When laid properly, it will last for years, and if given reasonable care, will retain its attractive appearance indefinitely.

—As the laying of Linoleum properly has really more to do with the service it gives you than any other quality, we wish to emphasize the fact that Mr. Jack Pratt, who has charge of our linoleum laying, has had years of experience and uses the modern

## Ideal Cement Method of Laying Linoleum

—Whereby it is cemented firmly to the floor, rolled perfectly smooth by a mammoth roller which we use particularly for this purpose. The result is a neat, resilient, sanitary, waterproof floor.

—No little skill is required to do this work properly, and as the Page Furniture company is the only firm in Glendale using this method, it will well pay prospective purchasers of Linoleum to visit this store.

—Our stock is unusually large—our Prices extremely moderate.

## FOREIGN INTERESTS MAKE ATTACK ON U. S. SHIPPING

Merchant Marine Is Being Subjected to Propaganda, Says Chairman Lasker

By U. S. Press Association  
WASHINGTON, D. C., Oct. 14.—Chairman Lasker, of the United States Shipping Board, has made a deliberate charge that foreign interests are at work in this country to undermine the American merchant marine and that encouragement, aid and comfort are being given to these alien plotters in their insidious propaganda by some few American ship owners who are beneficiaries of existing conditions. The Washington Post says that American citizens who would, "from mere selfish considerations, lay themselves out to thwart a policy on which the nation has set its heart shows a disgraceful condition of affairs and one so repugnant to the popular conception of patriotism that without positive proof the public will be slow to believe in the allegation. That is why a thorough-going probe should be demanded and instituted. The interests of the whole community must not be allowed to suffer in order to maintain the profits and advantages of a privileged few."

### Unemployment Relief

Colonel Arthur Woods, former police commissioner of New York, is in charge of the central agency for co-ordinating emergency unemployment relief throughout the country. Secretary Hoover has addressed a letter to all mayors asking their co-operation in putting immediate measures into effect.

### Colored People Saving

Discrimination against negroes by both public and private employment agencies was charged by Philip Brown, of the adjustment bureau of the United States Department of Labor, in his testimony before the Unemployment Conference. Negroes, he said, of whom there are 200,000 migratory in this country, have not-withstanding the depression accumulated a total of \$4,000,000 in savings banks in the industrial centers and these savings have been depleted only \$2 per capita during the depression.

### On Manufacturing

Products of 289,768 manufacturing establishments in the United States during 1919 were valued at \$62,910,202,000, the census bureau has announced. New York state led in the value of its manufactured products, with a total of \$8,875,007,000, from 49,374 establishments.

The number of wage earners employed in manufacturing establishments in the United States in 1919 was 9,103,200. Capital invested was \$44,678,911,000, and cost of materials used during the year was placed at \$37,372,534,000.

### Southern Pine

The Southern Pine association in a statement, says that "the forests of southern pine are found in the South Atlantic and Gulf states, stretching in an almost unbroken belt from Virginia to Texas, and comprising, according to the best available records, at the present time at least 260,000,000,000 feet of standing timber. At the present rate of cutting—10,000,000,000 to 12,000,000,000 feet a year—it will require more than twenty years to exhaust this supply, not counting new growth, which has been estimated to exceed five billion feet a year, and which will be much more than that when economic conditions make closer utilization of the forest material possible."

## Makes Suggestions to Prevent Unemployment

WASHINGTON, Oct. 14.—Permanent measures to rehabilitate industry and check widespread unemployment, including a wide variety of economic and legislative recommendations, were adopted by President Harding's conference on unemployment.

The report of the conference did not refer to subjects of a controversial character, but recommended readjustment of railroad rates, enactment of a new revenue bill, immediate settlement or postponement of tariff legislation, the settlement of financial relations between the government and the railroads, limitation of world armaments, stabilization of foreign exchange, the establishment of seasonal freight rates on coal and the adjustment of commodity prices.

## First Provision Tax Project Passes Senate

WASHINGTON, Oct. 14.—The Senate has put through the first provision of the Republican compromise tax plan when it adopted by a viva voce vote, an amendment to the tax revision bill, providing for the repeal of transportation taxes, effective January 1, 1922.

### LACK OF OIL FOR FLEET

WASHINGTON, Oct. 14.—No fuel oil, no winter maneuvers. That may be the situation in the Pacific fleet, it is learned. The most powerful ships in the navy, all oil burning types, comprise the Pacific fleet. Their fall maneuvers began in September but it begins to look as though further operations may be hampered if not called off completely unless congress comes to the rescue with sufficient funds to secure further oil supplies.

Deer rolls off cabbage and like leaves, because they are coated with a fine waxen powder.

## Deaf and Blind Will Get Vocational Work

HELENA, Mont.—Final arrangements have been completed for placing in the state school at Boulder for the deaf and blind, all persons who have lost their sight through industrial accidents or otherwise who are now enrolled with the rehabilitation division of the state department of vocational training.

Special training will be provided for the blind, consisting of reading of Braille and of industrial work such as basket making, chair caning, rug weaving, hammock making. Soon motor armature making, a new occupation for the blind, will be added. Piano tuning and commercial work also will be offered.

The adult blind who are to be trained at Boulder will not be quartered in the institution, it was said. Housing facilities will be provided in the town.

### HUGE COLONIZATION PLANS

MEXICO CITY, Oct. 14.—Hugo Stinnes, the German industrial and financial magnate, is turning his attention to Mexico and is reported to be behind a gigantic colonization scheme in this country. Luis Muller, Jr., who has just succeeded in having a \$20,000,000 land concession to a group of Americans declared invalid, is understood to have either the backing of Herr Stinnes or a German group close to the Stinnes interests.

### MEXICAN KILLS AMERICAN

WASHINGTON, Oct. 14.—Henry Laflamme, American citizen and seaman on the U. S. S. vessel Salem County, was stabbed to death by an unidentified Mexican near Tampico on October 8, the state department was advised today. The American consul at Tampico has reported the murder to the Mexican authorities and requested that immediate action be taken for the apprehension and punishment of the guilty person.

### FILES SUIT FOR \$50,000

ST. LOUIS, Oct. 14.—Mrs. Anna R. Boeckler of Buffalo, divorced wife of William Pope Boeckler, today filed suit for \$50,000 against William Boeckler, father of her husband, and president of a large lumber concern here. Mrs. Boeckler charges that the defendant made improper advances and attempted to attack her several times prior to and after her divorce.

Charged with making false returns, a woman election official has been indicted in West Virginia. This is the first instance since woman suffrage was granted that a woman has been indicted on this charge.

## THREE MILLIONS TO BE EXPENDED ON STATE CAPITOL

Extension of Building Will Provide Considerable Work, Says Governor Stephens

SACRAMENTO, Oct. 14.—Construction of the \$3,000,000 capitol extension buildings here is only a part of the state's program to relieve unemployment in California, which "may reach an acute stage during the coming winter such as we have never before experienced," according to a letter from Governor Wm. D. Stephens to the Sacramento Chamber of Commerce, just made public.

Confirming predictions carried exclusively in International News Service dispatches, the governor stated that an extensive highway construction program is being worked out as well as many other state activities in addition to the local construction work planned.

"I have been fully alive to the problem that confronts us and the various state departments that can afford relief have been making plans to the end they will be able to do their full part to help relieve the unemployment problem which may possibly reach, during the coming winter, an acute stage such as we have never before experienced," said the governor's letter.

**Still in Readjustment**  
 "I have refrained as much as possible from any publicity regarding these plans of the state inasmuch as a proclamation might go forth to the other states that work was provided in California and a flood of unemployed labor might descend upon California. The railroads have been allowing men to ride on their freight trains and in doing this they probably have rendered a great service. We are still in the period of readjustment of labor following the war and free transportation may be a very valuable factor in helping labor to readjust itself geographically. On the other hand, the attraction of California's winter climate tends to induce the movement of the unemployed to our state."

"If we give the impression that we are taking steps to care for the unemployed, we might thus increase our problem. I deem it important that we should get the word out to other states that the unemployment conditions in California are no better than elsewhere, and I have taken such steps as I could to have word sent out to this effect."

## Hunting License Limit Now Being Advocated

During the hunting season this fall, more than 5,000,000 persons, estimates the biological survey of the United States Department of Agriculture, will go out with a gun into the woods and fields of America. Their going emphasizes the growing need of more adequate and uniform laws to conserve and protect the country's dwindling game supply.

"It has been the practice in many states," the department says, "to issue hunting licenses for the open season to all applicants, with too little regard for the available game supply of any particular area. The hunters may far outnumber the animals hunted within a given section, and under such conditions the extinction of big game especially is inevitable."

"The Department of Agriculture advocates a limited license plan for big game, based on annual estimates of game conditions in each district. This means that the number of big game licenses issued for a given area in one season would depend upon the number of game animals which it has been determined in advance can be spared. Proper administration of this sort should conserve game in the greatest numbers consistent with the reasonable demands for local grazing and other interests and obviate the necessity for establishing perennial closed seasons, except on areas being restocked."

## Fingerprints Will Be Taken of All Tourists

PARIS—If a project just announced by the Prefect of Police, M. Leullier, is approved by the ministry of the interior, every tourist coming to Paris for an extended visit will have to submit to fingerprinting before he, or she, can circulate without let or hindrance in this town of joy and light. As the law stands now, every visitor who intends to remain two weeks in France must obtain a carte d'identité, or certificate of identity, from the prefecture of police. French protests have induced the Reform-Prefect, as M. Leullier is known, to propose the institution of a new form of carte d'identité, which will include the holder's photograph and his, or her, digital impression. It will apply to foreigners as well as to natives.

## Squirrels Are Lured to Golf; Steal Lost Balls

CARLETON PLACE, Ont.—Even squirrels have fallen to the lure of golf. Squirrels residing on the local golf course have been noticed to eye golf enthusiasts in a peculiar manner. The reason has just been learned. Leslie Reynolds stalked one of the squirrels to a hollow tree and found a cache of forty-one golf balls. Search of similar hiding places on the course revealed fifty more lost balls.

## Good Groceries and Meats At Prices That Are Right

## Spiritualists Fail to Raise Hamlet's Ghost

COPENHAGEN—Returning from a visit to Hamlet's grave, one of the American delegates to the International Psychic congress, just held here, said with evident regret that the 40 delegates saw neither Hamlet's ghost nor the ghost of Hamlet's father stalking the historical ramparts of old Elsinore castle.

The president of the congress, Dr. Kort Kortsen, said that he was disappointed at the outcome of the congress.

"We scientists," he said, "proposed to give spiritualists a fair trial to demonstrate the scientific basis of their cult. They have done nothing to convince anybody. They arrived without their mediums, bringing photographs only of their materializations. We demanded proofs but only got statements. That is not science, therefore we scientists must protest."

At the greatest depths of the Black and Caspian Seas there is no animal life. In the case of the Black Sea this is on account of the presence of sulphuretted hydrogen in the water, while in the Caspian there is not enough oxygen at great depths to maintain any form of animal life.

## WHY Chiropractic Is the Safest Method for the Patient

Chiropractic consists entirely of Adjusting the movable segments of the spinal column to normal position—and is safest because it is scientific. The correctness of the principle of Chiropractic safeguards the patient.

Again, there is nothing inherently dangerous in a Chiropractic adjustment. The news columns are full of accounts of deaths resulting from mistaking the label on a bottle, or from taking an overdose of a dangerous drug.

Chiropractors use no drugs and such a mistake could not occur. Many a man, through a quite pardonable error in diagnosis (no infallible diagnostician ever lived) has had the wrong organ removed by an operation. No Chiropractor ever removed an organ under any circumstances.

Finally, and most important of all, Chiropractic is safest for the patient whose disease is dangerous, because it offers the surest chance of recovery.

## MAYORS TO SOLVE PROBLEMS OF EMPLOYMENT

President Asks Communities to Organize for Workers' Protection

By U. S. Press Association  
WASHINGTON, Oct. 14.—Following the unemployment conference the president has made an appeal to the country, in which he said: "It is of national importance that every community should at once undertake such organization (for securing employment) in order that the nation may be protected as a whole. Moreover, the thorough commitment to such a task is sure to start a thousand activities which will add to our common welfare. I, therefore, appeal to the governors and mayors of the nation that they should take the steps recommended by the conference."

"In order that there may be unity of action by all the forces which may be brought to bear, whether governmental or private, the unemployment conference is establishing an agency in Washington through which appropriate co-ordination can be promoted and through which reports on progress and suggestions may be given general circulation and co-operation. I trust this agency will be supported in this endeavor."

Mr. Hoover announces that the carrying out of the proposed emergency measures would be attempted through organization by the mayors in municipalities where this has not yet been done definitely and systematically. Employers and business men, he said, cannot surround the problem systematically until the mayors have established strong emergency organizations with the municipalities behind it.

Public and private relief work throughout the country will be co-ordinated by the national committee, sitting in Washington.

### Duty of Mayors

The conference has reported that the responsibility of leadership in the unemployment drive is on the mayor and should be immediately assumed by him. "The basis of organization should be an emergency committee representing the various elements in the community. This committee should develop and carry through a community plan for meeting the emergency, using existing agencies and local groups as far as practicable. One immediate step should be to co-ordinate and establish efficient public employment agencies and to register all those desiring work. It should co-ordinate the work of the various charitable institutions. Regulation for relief should be entirely separate from that for employment."

### How Loans Are Made

The war finance corporation announced approval of a loan of two million dollars to an exporter for the purpose of assisting in financing the exportation of cotton. Another loan of a million dollars was made to a southern bank for the purpose of assisting in carrying cotton in domestic warehouses until it can be exported in an orderly manner. Still another loan of a million dollars went to a southern bank for the purpose of assisting in the exportation of cotton. In another case one hundred and fifty thousand dollars was allotted to an exporter for the purpose of assisting in exportation of tobacco. The corporation announced that it has agreed to make advances up to \$500,000 to a South Carolina bank against obligations of a southern exporter, secured by cotton stored in warehouses awaiting export.

## Adored Image Stolen From Italian Church

The "Sacred Bambino" of the church of Holy Mary of the Victory has been stolen but recovered. It is the revered image of the infant Jesus by Praga and is believed by many Italians to possess miraculous power of effecting cures among the people who worshiped at its shrine.

So revered was it that hundreds of pieces of jewelry were placed at its feet, draped about its body and placed in close proximity to it as marks of gratitude from the faithful who were convinced they had received healing.

One morning lately, the thieves gained access to the altar where the "Bambino" is placed and made away with jewelry and everything.

Discovery that the adored image was not at its accustomed place was the signal for a general alarm and hundreds of devout persons in the neighborhood of the church made their pilgrimage to the altar to pray for the restoration of the "Bambino."

During the day, one of the thieves was caught and this led to recovery and restoration of the "Bambino."

The church of Holy Mary of the Victory was erected to commemorate the victory of Lepanto, when the Crusaders defeated the Turks at sea. It is just in the shadow of the American embassy.

At a large coal mine in Tuscarawas county, Ohio, belonging to Allied Power Industries, of Columbus, a plant is being erected which will generate fifty million cubic feet of gas a day to relieve the shortage of natural gas in that part of the country.

## U. S. Is Preparing to Meet Problems of Armament Parley

WASHINGTON—All departments of the government, under orders of President Harding, are hard at work tabulating a mass of information for use of the American delegates at the conference on limitation of armament.

Officials have found that the armament question is related to virtually all phases of governmental activity.

While the state department is trying to clear up some diplomatic problems preparatory to the conference, the war and navy departments are compiling the latest information regarding fighting forces of the world.

The cost of war and preparedness is being tabulated for all nations by the treasury. The effect of armament limitation on commerce and labor is being studied by Secretary of Commerce Hoover and Secretary of Labor Davis. The drain of war on the coal and oil reserves of the world will be shown by the interior department, while the agricultural department has figures revealing the effect of the last war on food production.

The greatest care is being exercised in picking advisors and experts for the American delegation who are thoroughly versed in every angle of all these problems.

With these physical preparations—even down to provision for the entertainment and comfort of the various delegations—being rushed, Secretary of State Hughes, head of the American delegation, was beginning to see complete victory ahead for holding the conference in accord with American principles and plans.

Hughes has had two big difficulties to overcome in the negotiations he has conducted to pave the way for the successful opening of the Washington conference. These were:

1—The desire of Great Britain, prompted by the dominion premiers, to hold a preliminary conference on the far eastern situation with the United States and Japan in London, a plan which was finally dropped because of Secretary Hughes' insistence that there be only one conference, and that that be held in Washington.

2—Japan's hesitance to agree to a discussion among all the powers, in the conference, of problems in the Pacific and far east, where Nippon holds she has a special position.

In accepting President Harding's formal invitation to the conference, Japan noted reservations to the proposed discussion of Pacific and far eastern problems, and this question has not been completely settled yet.

## 'He Corset' Is Being Worn; Got Yours Yet?

PARIS—Georges Carpentier has adopted the "he corset"—the newest thing in wear for males.

From time immemorial, Frenchmen have worn the old-fashioned "galluses." During the war they discovered the advantage of the belt as worn by Americans. But the manufacturers went the Americans one better, and are making them about four inches wide, in fancy stamped leather or embroidered canvas and advertising them as "a great aid to the manly form."

Maurice Chevalier, the famous comedian, has also adopted the new style.

## Meanest Man Is Found; Victim In Wheel Chair

SARANAC LAKE, N. Y.—Announce to the listening hemispheres that the "meanest man" has been at work in the Adirondacks. Allen Sevey, so hopelessly crippled that he has to be moved about in a wheel chair, was the victim. He recently asked a man at Tupper Lake hotel to take his purse, containing \$147, all the funds he possessed, to the hotel office for safe keeping. The acquaintance took the roll and faded quickly into the forest primeval.

## CORRECT TIME IS DEMAND

ALAMEDA—The front ring of the telephone, the low gasp for help on the police station wire, is a thing mainly of the melodramatic stage. According to Alameda police, two-thirds of their phone calls are demands for the correct time. Several years ago the telephone company prohibited "central" from responding to these queries with the result that the public has shifted the burden to the good natured shoulders of the police force.

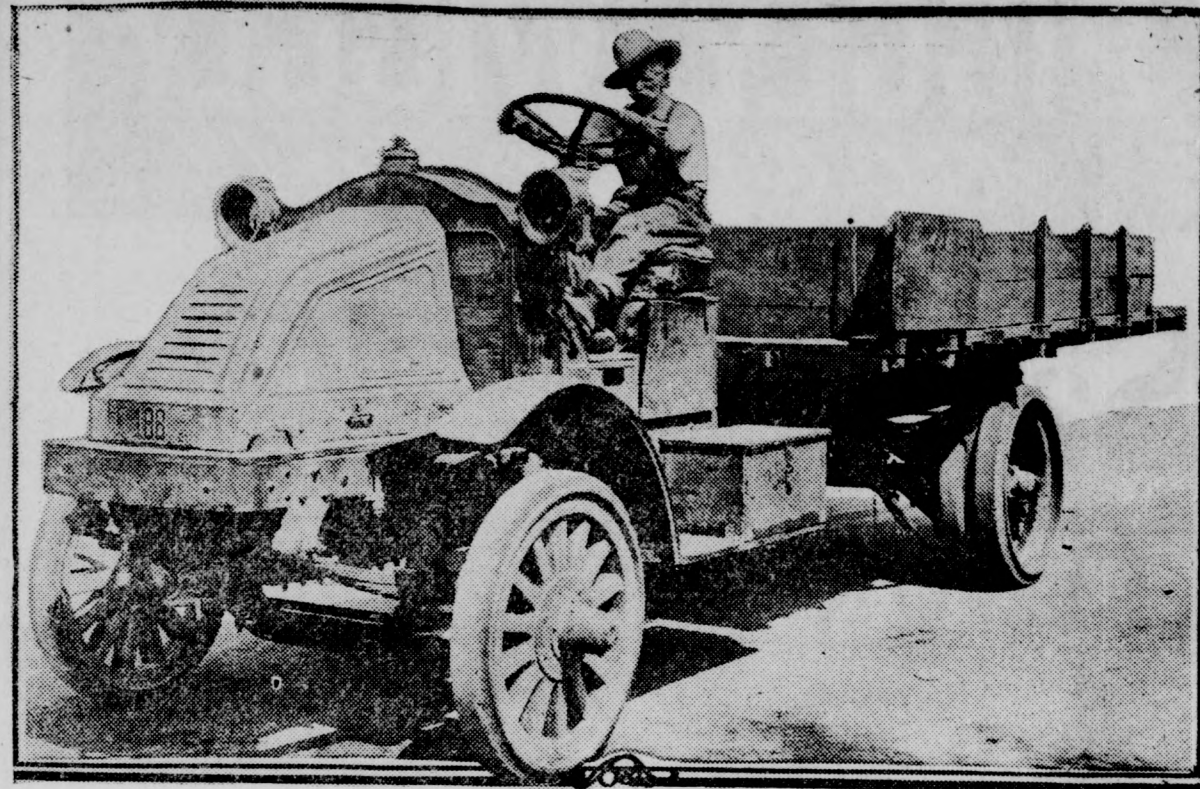

## THIS FROM WILLOWS PAPER

WILLOWS—Page the Old Home Town cartoonist, and let him read this item from the Willows paper:

"B. C. Gordon, the undertaker of Princeton, was very painfully injured yesterday while he was lifting a heavy body on an automobile. The power he threw into the lift caused a severe injury to his right shoulder and the suffering that followed was intense."

## Youth Asks Question, But What Is Answer?

COBLENZ—A learned professor had just concluded his lecture on trigonometry, illustrating on a huge blackboard the various figures under study, and the audience of earnest students, young and old, was still under the spell of his wizardry.

"Has anyone any question to ask," said the professor, "I shall be glad to answer any question."

"Just then a tall youth, wearing the uniform of a member of the American forces in Germany, rose with a start as if coming out of a deep sleep. With a few companions he had wandered into the large hall and finding many unoccupied seats, had made themselves at home. In most classical German, he asked: "Can you tell me why German chimney sweeps wear top hats on duty?"

The witch hazel plant blooms as its leaves are dying.

## BIG EATERS GET KIDNEY TROUBLE

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble, because we eat too much and all our food is rich. Our blood is filled with uric acid which the kidneys strive to filter out, they weaken from overwork, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night; if you suffer with sick headache or dizzy, nervous spells, acid stomach, or you have rheumatism when the weather is bad, get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate clogged kidneys; to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder disorders.

Jad Salts is inexpensive; cannot injure, makes a delightful effervescent lithia-water beverage, and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time.—Advertisement.

Here's Your  
Opportunity To

# Work Has Already Started on the Construction of 19 Four and Five Room Bungalows

Realizing the tremendous demand for more homes in Glendale, the firm of Doner-Hemenway-Burn decided to do their part to furnish well-built bungalows at a moderate price by the immediate erection of nineteen bungalows.

## The Construction

of the homes has been let to one of the leading contracting firms of Glendale, and the quality of materials used, and workmanship will be carefully supervised. Some of these bungalows will have four rooms—some five, and will include the latest built-in features as well as garages.

## The Location

of the houses will be in the fastest growing portion of the city—West Glendale—in the block bounded by Doran, Concord, Milford and State streets, and where the increase in the price of the lots on which these homes are erected will greatly increase their value... The water, gas, lights, curbs and sidewalks are in.

## Two of These Desirable Bungalows Have Already Been Sold

And the rest will be quickly taken as soon as the attractiveness of these homes at the low prices which have been set on them becomes thoroughly known. Each bungalow will be different, each one scientifically arranged so that there is no space wasted—no detail will be overlooked—each will be a real home. Why "look forward" to owning your own home when you can secure one of these. You need not wait any longer. This is your chance.

## A Comparatively Small Payment Down--- Balance On Liberal Terms

Drop into our office at your first opportunity and let us explain our proposition to you and show you the plans of these beautiful bungalows.

## LOCAL MEN CHOSEN ON DIRECTORATE OF SESPE CLUB

Contract Signed for Quarters  
and Steps Will Be Taken to  
Make Improvements

At the recent meeting of the Sespe Country club, held at the Union League club quarters in Los Angeles, a contract was signed up with the Sespe Light & Power company whereby the club will establish quarters near one of the large reservoirs now being constructed by the power company along the Sespe river. Locally the club will be presented by some prominent business men and out of the fifteen chosen for a permanent board of managers, five are Glendale members. They are A. L. Baird, Oliver Clark, Roy L. Kent, J. G. Huntley and Dr. T. C. Young. A. L. Baird was elected vice-president and J. G. Huntley was chosen on the membership committee.

As soon as the power project is completed and one of the large reservoirs finished on the Sespe river above Fillmore, the club will boast of an exceptionally fine shooting ground and an excellent place for Isak Waltons.

**Road To Be Improved**  
Cabins will be built, boat landing constructed, and wild rice sown along the waters. The road leading to the place now is nearly inaccessible, but the power company will complete an improved road leading to the spot.

The reservoir near which the club will locate is about three miles in length and eight miles around, the place being larger than Little Bear lake. This will furnish plenty of shooting, fishing and boat riding for the members.

With the Los Angeles members there are now about 100 in the club, and a few more are expected to be added. Local members in the club are A. L. Baird, R. G. Huntley, David Campbell, John Logan, George Bentley, Roy L. Kent, Harry Hall, W. A. Tanner, W. W. Worley, Dr. T. C. Young, L. G. Bramble, Oliver Clark and J. H. Smith.

Teasel growing is a thriving industry in Skeneateles, New York. The teasel is a plant producing a ball of porcupine-like quills, which are an indispensable element in the manufacture of broadcloth, felts, and woolen goods of the finer grades. The teasels are ranged on a shaft against which the finer quality of fabrics are run. The points are very brittle and as fine as the finest needle. The points scrape the cloth, giving it its nap or woolly surface.

## Impressive Tribute Is Paid to W. A. Amend

Services were held over the body of W. A. Amend, brother of Mrs. Amenda Fenton, 111 South Adams street, at the parlors of C. F. Lamb & Son, Pasadena. The floral offerings were many and beautiful, the casket being covered with large golden chrysanthemums. Impressive rites marked the final tribute paid to Mr. Amend, and in conducting the services, Rev. Merle N. Smith said, in part:

"Mr. Amend was a kind Christian father, husband and brother, and always served the Lord unselfishly. But a few days ago he expressed a wish that he might enter more deeply into the work of the church, but was unable to. At the same time behind that smiling radiant expression he was carrying a load of suffering."

"He loved the good and beautiful, and today I know that God has a place for the spirit of this dear brother. Educated as he was, he was always searching the Bible in prayer and was always reaching out for more knowledge. The only regret I have is that there are not more of us who are fathers, husbands, brothers and sons as this dear brother. To know him was to love him."

Interment was made in the Mountain View cemetery.

## President to Approve Funding Project, Claim

WASHINGTON, D. C., Oct. 14.—President Harding will probably approve the plan of house leaders to pass a bill granting authority for the funding of the \$11,000,000,000 indebtedness of foreign nations to the United States to a committee headed by the Secretary of the Treasury, it is learned. The house is expected to pass a substitute for the Penrose bill, which would extend blanket authority to the Secretary of the Treasury for the funding of this indebtedness.

House Republican Leader Mondell called at the White House and informed the President that the house next week would pass a bill extending the emergency tariff probably until February 1, when it is expected that the permanent tariff bill would be passed.

A journal printed in shorthand by a tribe of Indians living in the interior of British Columbia is one of the queerest newspapers in the world. A French missionary learned the Indian vocabulary and taught them to write by means of shorthand signs, which represented all the sounds the Indians use in pronouncing the words. The paper has 16 pages and contains all the news of the tribe. More than 3,000 Indians have learned to read it.

The longest ocean waves are usually met with in the South Pacific, where their lengths vary from 600 to 1000 feet.

## SCREEN VERSION OF NOTED NOVEL IS MYSTERY, LOVE

'Number 17' Is Feature Film  
at Glendale Theatre for  
Today's Presentation

George Walsh's newest role, that of Frank Theydon in the William Fox motion picture version of Louis Tracy's famous novel, "Number 17," which is coming to the Glendale Theatre today, is said to be far and away the best thing he has done on the screen.

As a novel, "Number 17" is a succession of vivid pictures of exciting adventure, with a background of mystery and love; and every thrilling incident has been visualized in the film story. Mr. Walsh's role is that of a young author, who, beset by a gang of ruthless enemies, fights a tremendous battle of wits with them, with the New York underworld as the battlefield.

The leading woman is Mildred Reardon, clever and pretty, who plays the part of Evelyn Forbes.

The fifteenth episode of "The Diamond Queen," a new Rolin comedy and the Pathe Review complete the big bill.

Tomorrow's vaudeville bill—all standard Bert Levey circuit acts—will be headlined by the Musical Shirleys, a great saxophone act. Marie & Edwards, Yank & Jean, Glenn & Walsh and Nancy and Jean Walters also add their talent to the bill. The bargain matinee should be well attended Saturday afternoon.

A mountain disintegrating so fast that the action is discernible day by day is a remarkable phenomenon of the Aussee region of Austria. Great cones and pinnacles of rock crash and tumble and forests lie flat or move slowly and steadily downward, piling into the valleys. It is believed that water in the chalky limestone core of the mountain causes the collapse of caverns and the slipping of strata.

One million pounds of wool sent to textile mills in Michigan direct from a farmers' pool was turned back to the farmers in the shape of finished goods. By this method stagnation of the wool clip was overcome; the mills kept running full time and the farmers clothed in a new sort of homespun at about half the usual cost.

Isotopes are substances that are identical in chemical properties but have different atomic weights. Several varieties of lead, for example, are thus distinguished.

## War Is Ordered to Punish England, Claim

BY MILDRED MORRIS  
Written for International News Service  
NEW YORK, Oct. 14.—War in China threatens the Far East program of the president's disarmament conference and the bloodiest war in China's history is about to start, Dr. Ma Soo, representative at Washington of the south China faction of the Chinese republic, declared here today. He laid responsibility on the United States for refusal to invite south China to participate in the arms conference.

The latest move of Dr. Sun Yat Sen, president of the south Chinese republic in sending 30,000 troops to aid the rebellion in the northern provinces is the direct result of Washington's action in recognizing the Peking government alone and in ignoring south China's demands for representation, Dr. Ma Soo declared.

"The greatest war China has ever known—the bloodiest in all its history—will start when President Sun Yat Sen, who will leave Canton today with a staff of generals, leads three armies of 10,000 troops each from south China in a drive on Peking," he said. "It will be the real thing—this war. It will rage until there is no longer a remnant of the Peking government and south China establishes a government for all the people."

"And I now warn the powers to keep hands off, for if they interfere the whole Far East will become involved and there will be another world war."

## Improved Conditions Over Unemployment

SAN FRANCISCO, Oct. 14.—Improved conditions in employment are shown on the Pacific coast in the monthly survey of labor, made public today by J. A. Kelly, district director. The survey taken from actual payroll records for the month ending September 30 shows the following increases:

Denver, four per cent; San Francisco, 3.7 per cent; Los Angeles, 2.5 per cent; Portland, 21.7 per cent, and Seattle, 3.5 per cent.

Throughout the country 38 cities reporting showed employment increase during September over August and 26 decreases.

"The continued increase in employment shows the report, 'clearly confirms the indications observed in August, that the industrial pendulum is definitely on the upward trend. The greatest change reported is in the western and southern sections of the country, obviously due to agricultural activities and the advance in the price of cotton.'"

The report, however, warns that within the next thirty days thousands of agricultural seasonal workers will be thrown out of employment.

A dense fog contains anywhere from 20,000 to a million droplets per cubic inch, according to the size of the droplets.

### MOTOR VEHICLES

**FOR SALE**—Universal values in used cars, including:  
1922 Vellie light six touring car, just like new, used only a month and run about 500 miles. You can buy this new Vellie at a big saving and really have a new car.

1921 Studebaker Special Six Roadster, run less than 8,000 miles, a close looking car that has been carefully handled and that is in perfect condition.

1920 Cleveland Ford, wire wheels, good running order, splendid appearance.

1920 Nash Six Sedan, one of our renewed cars, which means that the car has been thoroughly gone over by our expert mechanic and all worn parts replaced new. You will find this an exceptional car at an attractive price.

1920 Nash Six touring, another renewed car, just right mechanically. A demonstration will prove its worth.

1920 Chevrolet, runs like new, and will give economical service.

1921 Nash Four, used by us as a demonstrator, another practically new car at a used car price.

These cars will be sold on liberal terms—small payment down and are not to be compared with ordinary used cars. Just call and have their merit demonstrated.

### Masonic Grand Lodge Closes Its Sessions

SAN FRANCISCO, Oct. 14.—With  
the installation of the newly elected  
officers the twenty-second annual  
convention of the California Masonic  
grand lodge, came to a close this af-  
ternoon.

Samuel E. Burke of Los Angeles,  
deputy grand master, was advanced  
to the office of grand master, suc-  
ceeding Dr. George F. Rodden of San  
Rafael.

William A. Sherman of San Fran-  
cisco was named deputy grand mas-  
ter and Arthur S. Crites of Bakers-  
field senior grand warden.

Citizens of the United States only  
are permitted to hold jobs on public  
works in Seattle.

### HARRY S. DUFFIELD, GRAND OLD MAN OF STAGE, CALLED

Well Known In Glendale for  
Lovable Character; Once  
Resided In This City

Harry S. Duffield, one of the  
grand old men of the American stage,  
made his exit last night in the finale  
of the play, "Life." Death occurred  
at his home, 2742 Frances avenue,  
where since Monday he had been  
very ill. As chaplain of Los Angeles  
Elks lodge, No. 99, he attended the  
state convention at Santa Cruz last  
week and overtaxed his strength. He  
was 72 years old.

Shortly after his marriage a few  
years ago to Miss Josie B. Odell, a  
Los Angeles newspaper woman, Mr.  
Duffield resided in Glendale on Lor-  
mita avenue, but he found commut-  
ing late at night too strenuous and  
he moved closer to the Morosco  
theatre, where he was engaged for  
life. He recently closed in "A Tailor  
Made Man."

#### Plays Over 1000 Parts

In all Mr. Duffield has played more  
than 1000 parts during his life,  
starting first as a juvenile after ser-  
vice in the Confederate army as a  
drummer boy. Then he played lead-  
ing roles and twenty-five years ago  
he joined Oliver Morosco's stock com-  
pany at the Burbank theatre in the  
capacity of character man. As the  
years rolled by he capitalized his age  
and played old man parts to perfec-  
tion. His entrance at the Morosco  
theatre was a signal for applause  
nightly by thousands of admirers.

The passing of this sterling actor  
will cause many to mourn in Glen-  
dale, for he made fast friends where-  
ver he went. Undoubtedly Los An-  
geles lodge, No. 99, B. P. E. O., will  
have charge of the funeral services.

#### Serves South in War

Having been born in New Orleans  
and served for more than a year with  
the Twentieth Alabama regiment un-  
der Gen. F. Kirby Smith in the Civil  
War, the principles for which the  
South was fighting were instilled in  
the youth and he maintained the dig-  
nity of a southern gentleman  
throughout his professional career.

While many high compliments  
will be paid Mr. Duffield in death,  
already the great producer, Oliver  
Morosco, has given him signal honor  
in a lifetime contract, the only one  
of record on the American stage.

### STANLEY B. WILSON TALKS 'SERVICE' TO EDUCATORS

Member of State Board Gives  
Address At Institute In  
High School Yesterday

The Mad Hatter and the March  
Hare of Lewis Carroll's imaginative  
brain were not present at yesterday's  
tea party at the high school, but  
about 100 grammar and high school  
teachers enjoyed a sociable hour at  
the close of the program of the in-  
stitute.

Service was the topic of Stanley  
B. Wilson of the state board of edu-  
cation, who spoke on the subject at  
some length in the principal address  
of the afternoon. He reminded those  
present of the dignity and impor-  
tance of the service given by the  
teaching profession and stated that  
after all it was service which won  
the war.

Questions in regard to school prob-  
lems were answered during the af-  
ternoon by N. G. Durfee, assistant su-  
perintendent of schools for Los An-  
geles county. From the way he  
spoke his audience judged that he is  
highly in favor of Southern Califor-  
nia.

#### Give Musical Program

A number of children from the  
second and third grade of the Cen-  
tral school sang several songs under  
the leadership of their music teacher,  
Mrs. E. E. Kent.

A number of the girls from the  
eighth grade at the Intermediate  
school also sang, accompanied by La-  
vinia Thede and Mary Agnes Cobb  
upon violins and by Miss Gladys  
Sharpe upon the piano. The first  
song was "Andalusia," a Spanish  
melody and the second was "The  
Barcarolle" from "Love Tales of  
Hoffman."

The young women, whose names  
follow, were led by Miss Alice Brene-  
mann, supervisor of music for the  
grammar schools; Jean Robinson,  
Donna Wilson, Eleanor Kopp, Marian  
Mitchell, Thelma Turner, Marceline  
Lamereaux, Mika Hirashimi, Florence  
Rattray and Julia Goetz.

### United Artist Contract Signed by W. A. Howe

Manager William A. Howe of the  
Glendale theatre announces that he  
has signed contracts for United  
Artists' pictures which will bring  
such famous players as Douglas  
Fairbanks, Charles Chaplin, Mary  
Pickford and George Arliss to the  
Glendale theatre. David Wark Grif-  
fith films also are released by United  
Artists. The first features to be  
brought here under the contract  
will be "Way Down East" and "The  
Three Musketeers."

A twelve-ton cheese is being manu-  
factured for exhibition at Syracuse  
during the New York state fair.

### MONTE VISTA HOME BENEFIT WILL BE SOCIAL EVENT

Exclusive Affair Will Take  
Place Night of October 28,  
in Pearl Keller Hall

One of the exclusive social affairs  
planned for the Halloween season is  
the dance which will be given the  
night of Friday, October 28, in  
Pearl Keller hall by the members of  
the committee of Glendale women  
for the Monte Vista Home for un-  
dernourished children of Los Angeles  
county, of which Mrs. R. W. Meeker  
is chairman.

The purpose of the affair will be  
to raise money to meet the debt of  
\$300, which is still due for equip-  
ment furnished for the kitchen of  
this home, the remodeling and fur-  
nishing of which was taken over by  
the women of Glendale. Although  
this will be a benefit dance admission  
will be by invitation only.

The following list of prominent  
women of Glendale have consented to  
be patronesses and will have charge  
of issuing invitations:

#### These Are Patronesses

Mrs. R. W. Meeker, Mrs. Ella W.  
Richardson, Mrs. E. W. Kinney,  
Mrs. Charles E. Hutchinson, Mrs.  
Daniel Campbell, Mrs. Alexander  
Mitchell, Mrs. Leroy Bosselman,  
Mrs. R. E. Chase, Mrs. A. H. Mont-  
gomery, Mrs. Colin Cable, Mrs. J. G.  
Huntley, Mrs. Mabel Franklin  
Ocker, Mrs. A. H. Dibbern, Mrs. W.  
E. Evans, Mrs. D. Ripley Jackson,  
Mrs. Oliver O. Clark, Mrs. Charles  
A. Parker, Mrs. C. F. Parker, Mrs.  
Lillian Dow, Mrs. Bert Woodard,  
Mrs. Pearl Keller, Mrs. O. H. Bellew.

### Elks' Bowling League Holds Meeting; Plan for Tourney Ready

The second meeting of the newly  
organized house bowling league of  
the Glendale B. P. O. Elks took place  
last night in the bowling hall of the  
clubhouse, with about forty members  
present. The meeting was entirely a  
business session, complete and final  
plans being made for the opening  
match of the coming tournament  
next Tuesday night.

The meeting was opened by James  
A. Appfel, president of the organiza-  
tion, who explained to the members  
the various details regarding the  
coming league season, rules to be  
adopted, the methods of distributing  
the many prizes and numerous other  
minor facts. Following this the  
names of the forty bowlers who are  
to compose the eight teams were put  
before the body with their respective  
average scores, by which method  
each man was classified as to his  
bowling standard. From these class-  
ifications the personnel of each team  
were selected, the relative strength  
of each being practically the same.

Following is a list of the eight  
teams:

Bambinos—H. Wright, captain;  
Wyckoff, Carl, F. Salmencia, Sauter,  
Jays—McGregor, captain; Appfel,  
Farnet, V. Salmencia, Ireland.  
Wizards—Talbot, captain; Gren-  
fell, R. Wright, Service, Strother.  
P. D. Q.'s—H. M. McGillis, cap-  
tain; Viohl, Lawrence, Kausen, Al-  
bright.

K. P.'s—Tone, captain; Caswell,  
Vogel, Rose, Ward.

E. Z.'s—Headlee, captain; Fortu-  
nato, Brown, Young, Chambers.

Terrors—Captain; Hues-  
man, Clark, Timmons, H. H. McGil-  
lis.

Buzzards—West, captain; Hilde-  
brand, Wattles, Douglas, Gilhooley.  
The league schedule will last  
throughout seven weeks, next Tues-  
day being the opening night. Play  
will take place on four nights of each  
week, with each team bowling once,  
the nights to be from Tuesday to Fri-  
day, inclusive. A regular two-thirds  
handicap will be made on the teams  
from week to week, thereby main-  
taining the competition on an even  
basis.

The first week's schedule will be  
as follows: Tuesday night, Jays and  
E. Z.'s; Wednesday night, Buzzards  
and K. P.'s; Thursday night, Terrors  
and P. D. Q.'s; Friday night, Bam-  
binos and Wizards. The program  
for the remaining six weeks will be  
announced soon.

The distribution of the numerous  
prizes will also be announced within  
the next few days.

### Sherrod's Specialty Shop Is Displaying Frocks, Romperalls

Sherrod's Specialty Shop at 207 East  
Broadway is holding a manufacturers'  
exposition of Buttercup frocks and  
Romperalls for children today and  
tomorrow. The dresses are being  
shown on child film stars, much to  
the delight of the mothers and others.

In connection with this showing of  
little ones' dresses, Mr. Sherrod is  
giving away free a handsome doll,  
the award to be made tomorrow even-  
ing at 9 o'clock. It will be very  
necessary for the children and their  
parents to call at the Sherrod shop  
between now and then if they believe  
they are lucky.

### Glendale Improvement Club Meeting Tonight

The Glendale Avenue Improvement  
association meets tonight at 8 o'clock  
in the council chamber of the city  
hall. H. C. Levey, president of the  
organization and George B. Wood-  
berry and others who are deeply in-  
terested in issues affecting eastern  
Glendale are anxious that every prop-  
erty owner in the vicinity attend.

## FROZEN CREDIT IS CHINA WOULD FREE EXPLAINED WITH FOREIGN CONTROL, U. S. BULLETIN SAYS OFFICIAL

Important Questions Are In  
Both Projects; Public to  
Control Corporations?

Secretary of Delegation to  
Armament Conferences In  
Statement on Plans

By U. S. Press Association  
WASHINGTON, D. C., Oct. 14.—

The Federal Reserve Bulletin ex-  
plains "frozen credit" as a condition  
that represents in a large measure  
the financing of products of various  
kinds carried over from a preceding  
year, or the obligations of individuals  
which have not been paid at maturity  
on account of the slow movement of  
goods into the hands of purchasers.  
The increased activity in the cotton-  
raising states, explains the Bulletin,  
resulting from recent advances in  
the price of cotton, are now tending  
to bring about in some measure a  
clearance of the frozen credits which  
have been carried by banks in those  
districts.

"One effect of such liquidation is  
to reduce discounts with Federal  
Reserve banks. The outcome of this  
process is at times to make it appear  
that there has been a reduction in  
the total volume of credit extended  
when, as a matter of fact, what has  
been done has been to settle obliga-  
tions made some time ago whose pay-  
ment had no immediate bearing upon  
the financing of current business op-  
erations. Such elimination of frozen  
credit is not confined to the cot-  
ton-raising states, or, indeed, to the  
agricultural parts of the country in  
general, but the process of settling  
such indebtedness carried over from  
a preceding period is going on in  
many branches of wholesale and  
retail trade as well, it would seem,  
as in some manufacturing sections."

#### Condition of Business Notes from Federal Reserve Bul- letin:

Further decided improvement in  
the credit situation has been the  
noteworthy feature of business dur-  
ing the month of September.

While attention has been largely  
concentrated on the agricultural side  
of business development during the  
month, manufacturing has also con-  
tinued to show a wholesome im-  
provement in many lines.

Prices continued to advance dur-  
ing August. The index compiled by  
the Federal Reserve board for inter-  
national comparisons registered an  
increase of 2 points over the July fig-  
ure, while the trend during Septem-  
ber also appears to have been up-  
ward. Price declines in particular  
lines of business, such as live-stock,  
are due to local marketing condi-  
tions.

Employment, on the other hand,  
has increased only slightly, although  
the situation is better than at the  
end of August.

The composite condition of all  
crops on September 1 was 92.9 per  
cent of their average condition on  
that date during the last 10 years,  
as compared with a composite condi-  
tion of 93 per cent on August 1.

The deciduous fruit crops this year  
are the smallest in a generation. On  
September 1 the production of ap-  
ples was estimated at 107,000,000  
bushels, as compared with a forecast  
of 109,000,000 bushels on August 1,  
and an average production of 193,  
000,000 during the last six years.  
This is the smallest apple crop since  
1890.

At the beginning of the world war  
the records of the British army  
showed nine cases of tetanus per  
1000 wounded. The use of anti-tet-  
anus serum gradually reduced the  
ratio to 0.7 per 1000, and among  
those infected the disease was of a  
far less fatal character than before  
this treatment was introduced.

Mexico has produced more than  
one-third of the total output of the  
world's silver.

By WEBSTER K. NOLAN

WASHINGTON, D. C., Oct. 14.—  
China purposes to purge her soil of  
foreign control.

European domination of the Far  
East must end insofar as it inter-  
feres with the economic control of  
China by Japan.

To this end China is preparing to  
exert every ounce of diplomacy and  
to throw into the balance every gram  
of sympathy and influence she may  
be able to secure from the United  
States.

The armament and Far East con-  
ference is to be made the battle-  
ground for China's fight for freedom  
from the invidious hand of the for-  
eigner.

This dream of a new China, reali-  
zation of which China hopes will  
place her among the great powers of  
the world, was made known to In-  
ternational News Service today by Peng  
Hua Huang, secretary of the Chinese  
delegation to the armament and Far  
East conference, upon his arrival in  
Washington to arrange details inci-  
dent to China's part in the forthcom-  
ing conference.

#### Would Get Foreign Rights

"China plans and hopes to re-se-  
cure by direct purchase foreign rights  
and interests in Chinese railways and  
commercial enterprises in an effort  
to destroy the 'spheres of influence'  
exerted in China by Japan, Great  
Britain, France, Belgium, Portugal  
and Italy," Huang said. "Its pur-  
pose," he continued, "is to recover to  
itself the economic strongholds of  
the country. To do this it is neces-  
sary that China remove for all time  
the 'spheres of influence' within her  
borders. China cannot hope to win  
economic independence until she has  
shaken off the grasp of foreign domi-  
nation."

The first step in this sweeping  
reformation of policy is outright pur-  
chase of certain railways now in the  
hands of foreign powers and the  
gradual purchase of all other rail-  
ways now operated by foreign inter-  
ests, Huang explained. China, he  
said, would allow no foreign interest  
to entail any loss in the proposed  
purchases—cent for cent—China  
will pay for the railways, rights of  
way and other privileges held by  
France, Belgium, Japan, Great Brit-  
ain and lesser powers.

#### "Nailed to the Wall"

The great railway lines in China  
owned and operated by foreign au-  
thorities are the South Manchurian rail-  
way, the Chinese Eastern railway,  
the Yun Nan railway and the Shan-  
tung railway.

The chief railway lines in China  
owned by the Chinese government,  
but with a large measure of admin-  
istrative control reserved by the  
mortgage holders, are the Peking-  
Hankow railway, the Peking-Muk-  
den lines and the Chanting Tai Yuan  
railway.

In addition to these railways  
mortgages and railway loans, China  
is literally nailed to the wall by for-  
eign mortgages in other enterprises.  
Italy, Portugal, France and Great  
Britain have great commercial con-  
cessions and dependency ports of en-  
try in China.

### Ten Men Die, Many Wounded In Explosion

BUCHAREST, Oct. 14.—Ten men  
were killed and many were wounded  
when 150 trucks of ammunition ex-  
ploded at Fort Rudmei, a Rouman-  
ian arsenal and fortification today.
